Letters sent unpaid, are on delivery charged at the rate of $\frac{1}{2}$ oz. per $\frac{1}{2}$ oz., and delivered charged 1s. 1d. per $\frac{1}{2}$ oz.

As the author's title indicates, this paper is concerned with the relationship between the two.

POSTAGE STAMPS, &c.

Prepayment of Inland Letters, &c., must be by Stamps.

RATES OF POSTAGE.*Inland Letters.**

1. The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exception afterwards mentioned) is as follows:—

If paid in advance.

Letter weighing not more than $\frac{1}{2}$ oz.,.....	1d.
Letter weighing more than $\frac{1}{2}$ oz., but not exceeding 1 oz.,.....	2d.
Letter weighing more than 1 oz., but not more than 2 oz.,.....	4d.
Letter weighing more than 2 oz., but not 3 oz.	6d.
and so on; twopence being charged for every additional ounce.	

2. As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid additional postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. Unless three quarters, at least, of the postage of a letter weighing more than 4 oz. be prepaid, the letter is not forwarded, but notice of its detention is given to the sender, or when that is not practicable, to the person to whom the letter is addressed.

Colonial and Foreign Letters.

3. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage at pages 5-17.

Addresses to the Queen and Petitions to Parliament.

4. Petitions and addresses to her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other inclosure, however, must be inserted, and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers and other periodical Publications bearing the Newspaper Stamp.

5. Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

6. All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear

an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz.:—

1st. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were formerly applicable only to newspapers properly so called. These restrictions are shown in the following table:—

Amount of Stamps Impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial extent of Letterpress on one side.
One Penny - - -	Two - - -	2,295 inches.
Three Halfpence	Three - - -	3,443 "
Twopence - - -	Four - - -	4,591 "

2d. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3d. The title and date of the publication must be printed at the top of every page.

4th. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined.

5th. It must not be printed on pasteboard or card-board, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

6th. It must be posted within fifteen days from the printed date of issue.

7th. It must have either no cover or a cover open at the ends.

8th. It must contain no inclosure.

9th. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus, if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient). For any breach of this rule, an additional postage of 2d. is charged.

10th. If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.

11th. When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable; and if the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it will be charged 2d.

12th. In case of any other irregularity the publication is dealt with as an unpaid letter.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands. If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

13th. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

14th. Stamped publications can also be forwarded under the regulations of the Book Post; but when so sent the impressed stamp does not count as any part of the postage.

7. *Newspapers sent abroad.*—Newspapers sent abroad, whether to a British colony or to a foreign country, are liable to the 3rd, 5th, 6th, 7th, 8th, and 9th of the foregoing regulations; moreover, the name of the newspaper must have been registered at the General Post Office. Every such newspaper is liable to the postage entered in the Table of Colonial and Foreign Postage; and this postage must be prepaid in stamps.* *As respects newspapers going abroad the impressed stamp stands for nothing.* Publications registered for transmission abroad, although not strictly newspapers, are nevertheless, so far as the British office is concerned, treated as such.

8. *Newspapers for Russia.*—According to official information, it is forbidden to introduce into Russia, through the post, political newspapers, in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. The admission also into Russia of newspapers not of a political character, is permitted only in those cases where they are addressed to the house of some established bookseller. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any persons residing in Russia. In all cases where the above-mentioned printed papers are allowed to circulate by the post, they are chargeable in Russia with a Foreign rate of postage, in addition to the rate chargeable on their being posted in this country.

PARLIAMENTARY PROCEEDINGS.

9. *Parliamentary proceedings circulated inland.—Postage.*—Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the following rates of postage:—

Weighing not more than 4 oz.....	1d.
Weighing more than 4 oz., but not exceeding 8 oz.....	2d.
Weighing more than 8 oz., but not exceeding 12 oz.....	3d.
Weighing more than 12 oz., but not exceeding 16 oz.....	4d.
and so on ; one penny being charged for every additional quarter of a pound or fraction of a quarter of a pound.	

The words Parliamentary Proceedings must be written or printed on the cover of the packet; otherwise it will be liable to the letter-rate of postage.

Prepayment optional.—Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Parliamentary proceedings, &c., sent abroad.—Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Fo-

reign States between which and this country there is a book post.

Book Post, including Newspapers and other periodical publications, and also Parliamentary Proceedings for which the foregoing special privileges are not claimed.

10. *Inland Book Post, &c.*—The following are the regulations of the Inland Book Post:—

1st. Rates of Postage:	
Weighing not more than 4 oz.*.....	1d.
Weighing more than 4 oz., but not exceeding 8 oz.....	2d.
Weighing more than 8 oz., but not exceeding 1 lb.....	4d.
Weighing more than 1 lb., but not exceeding 1½ lb.....	6d.
Weighing more than 1½ lbs., but not exceeding 2 lbs.....	8d.
and so on, 2d. being charged for every additional half pound or fraction of a half pound.	

2nd. The postage must be prepaid by means of postage stamps affixed outside the packet or its cover. If the whole postage be not thus prepaid the packet is treated in the manner described in Section 9.

3rd. Every packet must be sent either without a cover, or in a cover open at the ends or sides; so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string; but in such case the Postmaster is authorized to cut the string, although he is required to refasten the packet.

4th. A book-packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs, when not on glass or in cases containing glass, prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints will be allowed, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps, markers (whether of paper or otherwise), in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but no patterns, or books of patterns (unless these consist merely of paper) can be allowed.

5th. No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not re-

* If the weight be exceeded to the smallest extent, even though the balance be merely turned, the book or printed paper becomes liable to a higher postage. To provide therefore for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight. It should be remembered that a newspaper when wet weighs more than when dry. Forgetfulness on this point sometimes causes groundless complaints about charges for newspapers; the complainant having erroneously supposed, on weighing the newspaper on its arrival, and when it had had time to dry, that he had been overcharged. The foregoing observations apply also to books, &c., sent abroad.

* Newspapers posted unpaid are retained at the Returned Letter Office for one week; and then, if the postage still remain unpaid, are destroyed.

garded as a letter. Indeed as respects the name and address of the sender, not only is the writing permitted but recommended; so that if the cover come off or for any other reason the packet cannot be forwarded, it may be returned.

6th. No book packet must exceed two feet in length, width, or depth; and if any such packet be presented at a post office it will not be received.

7th. Any packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with the "unpaid" letter postage.

8th. If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage, as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

9th. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded, charged with the deficient book postage, together with an additional rate; but any packet which bears no postage stamp is charged with double the book postage.

10th. *Precautions against Fraud.*—In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

11. It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book packets posted at, or passing through, their offices.

In case of any other infringement of the regulations, the packet is dealt with by the Postmaster himself, in accordance with the above regulations.

12. *Despatch of Book Packets may, where necessary, be delayed.*—To prevent obstacles to the regular transmission of letters, a Head Postmaster may, when necessary, delay forwarding any book packet, not a newspaper, for a period not exceeding twenty-four hours beyond the ordinary time; and at Packet Offices * the delay may, at the option of the Postmaster, be either for that period, or until the despatch of the mail next after that by which the book-packet ought otherwise to be forwarded.

13. The main business of the Post Office being the transmission of letters, the forwarding of books and newspapers (which no one is compelled to send through the Post Office) though an important is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters should not be sent through the Post.

POSTAGE STAMPS.

14. *Postage Stamps must be kept for Sale.*—Every Postmaster is required to have on hand a sufficient stock of postage labels and embossed penny envelopes,

and to sell them to the public at the following prices:—

Postage Labels.—Prices.

Twopenny do.....	2d. each.

2 " 	Os. 2 $\frac{1}{4}$ d.
1 " 	Os. 1 $\frac{1}{4}$ d.

15. *Stamps.*—Prepayment of inland letters, &c., must be by labels or embossed stamps. British postage stamps are not available for the payment of letters, &c., coming into this country.

16. By using embossed envelopes all risk of the stamp being detached may be avoided; but when labels are used, these should be examined to see that they firmly adhere, since if they fall off, the letters, &c., will be charged with postage; which, in the case of inland letters, is double the prepaid rate. To some places abroad also, double the prepaid rate is chargeable in such cases; and in other instances the letters, &c., are liable to be detained for the deficient postage. The labels should be placed on the front of the letter, and upon the right hand corner of the upper side.

REGISTRATION.

17. By the prepayment of a fee of fourpence, any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom, and on the prepayment of sixpence, to any British Colony except the following:—Ascension, Vancouver's Island, British Columbia, and Labuan. Letters, &c. for these latter colonies can be registered to the port of despatch only. Letters also (but letters only) can be registered to certain foreign countries (see Table of Colonial and Foreign Postage, page 5).

18. The registration of a packet makes its transmission more secure, by rendering it practicable to trace it, when inland, from its receipt to its delivery; and when colonial or foreign, if not to its delivery, at least to the port of despatch. The Post Office cannot undertake the safe transmission of valuable enclosures in unregistered letters. So sent they are exposed to serious risk. All inland letters, therefore, which unquestionably contain coin, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of eightpence in addition to the ordinary postage, and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch. This rule, however, applies at present only to inland letters posted in, addressed to, or passing through London.

19. Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, if directed to any place in the United Kingdom, be liable

* Packet Offices are those at which mails are made up for despatch by packet-boats (as distinguished from private ships) to places abroad; such are the Offices of London, Liverpool, Southampton, Devonport, Dublin, Cork, Derry, and Glasgow.

to a registration fee of eightpence, instead of the ordinary fee of fourpence.

20. *Time of Posting.*—The time for posting registered letters at Glasgow is half an hour before the closing of the mail by which they are to be despatched. At all provincial Head Offices, letters, whether inland, foreign, or colonial, may be registered after the hours specified, until the closing of the letter-box for each despatch, or until the office is closed for the night, upon payment of a late fee of fourpence in addition to the ordinary registration fee.

21. *Mode of Posting.*—The postage and registration fee of registered letters must be prepaid; and if the letter be inland, such prepayment must be by stamps.

22. *Postage must be Prepaid.*—By Act of Parliament, the Post Office is not responsible for the safe delivery of any registered letter, though any officer who may neglect his duty on this point will be called to strict account, and if the Postmaster-General think fit, will be required to make good any loss that may be sustained.

23. No Letter Carrier or Rural Messenger is required to take letters for the public to have them registered.

24. *Parliamentary Notices.*—Parliamentary notices may be forwarded through the post under the following regulations:—

1st. The words "Parliamentary Notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter, though this is not imperative.

2nd. These notices must be posted either at the General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one or other of the following towns:—

Aberdeen,	Inverness,
Athlone,	Leeds,
Belfast,	Lincoln,
Birmingham,	Liverpool,
Bristol,	Manchester,
Cork,	Newcastle-upon-Tyne,
Exeter,	Norwich,
Glasgow,	Shrewsbury.

3rd. All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, may be posted after the 12th of that month.

4th. The postage chargeable on these notices and the registration fee of sixpence on each must be prepaid by stamps.

5th. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window, and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

25. *Time for Posting Parliamentary Notices.*—The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office, in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same; provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are liable to an additional rate of postage like letters.

26. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting them, and state the probable number.

MONEY ORDERS.

27. *Application Forms.*—The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security, than verbal messages, against mistakes. These Forms are supplied gratuitously at all Money Order Offices.

28. *Commission.*—The commission on inland Money Orders is as follows:—On sums not exceeding £2, threepence; above £2 and not exceeding £5, sixpence; above £5 and not exceeding £7, ninepence; above £7 and not exceeding £10, one shilling. The commission on Money Orders payable in any of the Colonies with which Money Order business is transacted is fourfold these sums (see paragraph 47, page 24), except Gibraltar and Malta, in which cases the commission is threefold.

29. *No Fractional Part of Penny Allowed.*—No order is allowed to contain a fractional part of a penny.

30. *Particulars Required.*—With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

1st. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and if a firm, the usual designation of such firm will suffice, except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company," to which kind of company the above privilege does not extend.

2nd. Money Orders for transmission by the public to the Privy Council Office will be issued payable to "The Privy Council Office," the name of the payee not being required in these cases.

3rd. When the remitter notifies that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee; and he may, if he wish it, substitute for the name of the payee any other designation or any modification of the name, as for example:—"The Cashier of the Bank of England,"—"The Chief Clerk of the Foreign Office,"—"The Publisher of the *Times*."

31. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone. It is not incumbent on a Post-

master to supply such information relative to local or provincial offices, but the nearest Money Order Office to any street in London may be ascertained by referring to the Street List.

32. Orders cannot be Cancelled.—An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the paying Postmaster according to the directions printed on the back of the order.

33. The remitter of an order may make that order payable ten days after date, provided he sign the requisition "C" printed on the order, to defer payment until ten days after date, and affix a penny receipt stamp thereto.

34. Payment of Money Orders.—When an order is presented for payment (otherwise than through a bank) the Postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter, and if the reply be correct, the order will be paid, unless the Postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank it is sufficient that it be received (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

35. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

36. Money Orders do not require a receipt stamp.

37. Lapsed and Void Orders.—Payment of an order, issued and payable in the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. The period for payment of orders issued in the United Kingdom and payable in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. Any person presenting a lapsed order will be furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January) all claim to the money will be lost.

38. No Compensation Allowed for Alleged Injury; and no Claim after Order has once been Paid.—No application can be entertained for compensation for alleged injury from the nonpayment of a money order at the expected time; and after once paying a money order, by whomsoever presented, the Office is not liable to any further claim.

39. To guard against the loss of a money order the public are cautioned—

1st. Never to send the money order in the same letter with the information required on payment thereof.

2nd. To see that the name of the person taking the order is correctly known to the person in whose favour it is drawn.

40. Payment cannot be demanded on day of Issue.—Under no circumstances can payment of an order be demanded on the day of issue.

41. Duplicate Orders, Transfers, Repayments, Alteration of Name, &c.—In case of the mis-carriage or loss of an inland money order, a duplicate is granted on a written application (with the necessary particulars, and enclosing the amount of a second commission, in postage stamps) to the Controller of the Money Order Office of England, Scotland, or Ireland, as the case may be, where the original order was issued; and if it be desired to stop payment of an inland order a similar application, with enclosure of postage stamps, must be made to the Controller of the Money Order Office of that part of the kingdom in which the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application enclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant and imposed on the officer in fault.

42. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice or of a difference in the name in the receipt, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing Postmaster.

43. Letter Carriers, &c., not bound to procure Money Orders, &c.—No Letter-carrier or other servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

44. Colonies.—Money Orders are issued at all Money Order Offices in the United Kingdom of Great Britain and Ireland, on Money Order Offices in Canada, Cape of Good Hope, New Zealand, Queensland, South Australia, Victoria, and Western Australia, and by the Offices in those colonies on any Money Order Office in the United Kingdom, at a charge of 1s. for any sum not exceeding £2; 2s. for

any sum above £2 and not exceeding £5; 3s. for any sum above £5 and not exceeding £7; 4s. for any sum above £7 and not exceeding £10; beyond which amount no single Order can be granted.

45. The renewal of a lapsed Colonial Order, the issue of a duplicate Order, or the stoppage of payment of an Order, will be made on application to the Controller of the Metropolitan Office of the country in which such *Colonial Order* is payable, provided an additional Inland Rate of Commission be enclosed with the application; except in the case of lapsed Orders, when the additional commission will be deducted from the amount of the new Order issued by the Department; but the lapsed Order must be transmitted with the application for its renewal. Post-masters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of colonial orders originally drawn on their own offices.

46. For repayment of the amount of a Money Order, or for the correction of any error respecting the name of the payee or remitter of an Order, the application on the subject, enclosing an additional inland rate of commission, must be addressed to the Controller of the Metropolitan Office of the country in which such *Colonial Order was issued*.

WESTERN AUSTRALIA.

The only Post Offices in Western Australia which are authorized to issue Money Orders on the United Kingdom, and to pay Money Orders issued in the United Kingdom on Western Australia, are Perth and Albany (King George's Sound), but information has been received that local arrangements are now in operation in the Colony by which Orders drawn on Perth in favour of persons residing in the undermentioned Towns and Districts can be negotiated, and the signature of the payee always obtained on the Orders, in accordance with the regulations of the Money Order Department:-

MISCELLANEOUS REGULATIONS.

48. *Limit to Size of Letters, &c.*—With the following exceptions, no letter, &c. can be forwarded by the post which is more than two feet in length, breadth, or depth; nor any unpaid packet which weighs more than four ounces, unless three quarters of the postage have been paid. The exceptions are—

1st. Packets to or from places abroad.

2nd. Packets to or from any of the Government Offices or departments, or public officers.

3rd. Petitions or addresses to the Queen, whether directed to Her Majesty, or forwarded to any member of either House of Parliament.

4th. Petitions to either House of Parliament, forwarded to any member of either House.

5th. Printed Parliamentary proceedings.

49. *Official Information.*—No information can be given respecting letters which pass through a Post Office* except to the persons to whom they are ad-

* The term "Post Office" applies to all Post Offices whether Head-Office, Sub-Office, or Receiving Office. A "Head-Office" is an office subordinate only to a Metropolitan Office. Both Sub-Offices and Receiving Offices are under Head-Offices; but at Receiving Offices letters are received only, not delivered.

dressed; and in no other way is official information of a private character allowed to be made public.

50. *Letters cannot be returned to Writers.*—Postmasters are not allowed to return any letter to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon; as every letter must be delivered to the person to whom it is directed, and to him alone, at the address it bears.

51. *Late Letters.*—Late letters, &c.* are received till within five minutes of the despatch of the mails, except where the surveyor may deem a longer interval necessary, and excepting that no office is to be kept open merely for this purpose after ten o'clock at night.

52. *Prepayment of Late Letters.*—No late letters, &c. (except Government letters) are forwarded by the mail preparing for despatch unless prepaid, and that in stamps, so as to include both the ordinary postage and the late-letter fee; but in the case of Government letters it is sufficient to prepay the fee.

53. *Re-directed Letters, &c.*—Every re-directed letter or other postal packet will be liable to an additional postage (at the prepaid rate), unless the redirection be not only made by an officer of the Post Office, but be to a place within the district belonging to the same Head Office. Thus, on a paid or unpaid letter, re-directed either by an officer of the Post Office or by any one else to a different postal district in the United Kingdom, and weighing not more than half an ounce, an additional postage is levied of one penny; or, if the weight be more than half an ounce but does not exceed an ounce, of twopence, and so on. Upon a book thus re-directed to any other postal district in the United Kingdom, and weighing not more than four ounces, an additional postage of one penny is levied, or, if the book weigh more than four ounces but not more than eight ounces, an additional postage of twopence and so on.

54. A registered letter, when re-directed, is liable to the same additional charge as an ordinary letter, and, if re-posted, a second registration fee must be paid with it.

55. Letters which have once been posted, addressed to commissioned officers in the army, navy, or ordnance, or to non-commissioned officers, private soldiers, or seamen employed on actual service in any of Her Majesty's colonies, or on any foreign station, and who, before receiving the letters, may have started on their return home or to another station, may be re-directed to such officers, private soldiers, or seamen when these have removed *upon service*, and will be delivered to them without any charge for re-direction. The same privilege extends to the letters of non-commissioned officers, private soldiers, and seamen, re-directed from one part of the United Kingdom to another part of the United Kingdom, or from the United Kingdom to a place abroad; but no such privilege is allowed with regard to letters for a commissioned officer re-directed from one part of the United Kingdom to another, or, if posted in the United Kingdom, re-directed to a place abroad.

56. Postmasters are not bound to re-direct letters for the inhabitants of the same postal district, unless their places of abode should be left uninhabited, or they have a private bag or a private box; and unless, in addition, a written application, properly signed, be received by the Postmaster from the person to whom the letters are addressed, requesting that they may be re-directed.

57. *Notice of Hours of Attendance, &c.*—Every Postmaster is required to have a notice conspicuously placarded, giving information respecting the hours of attendance,* the despatch and delivery of letters, &c.

58. *Sunday.*—During the time the office is open on Sunday (viz., from eight to nine in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except the issue and payment of money orders, which on that day are wholly suspended.

59. At no provincial town in England or Ireland is there more than one delivery on the Sunday, Christmas Day, or Good Friday; nor, in Scotland, on Sunday or the Sacramental Fast Days; and any person is at liberty to prevent even this, so far as relates to himself, as shown by the following regulations:

1st. Any person can have his letters, &c. retained in the Post Office on Sunday by addressing to the Postmaster a written request, duly signed, to that effect.

2nd. Such request will be held to include newspapers and all other postal packets, even such as may be marked "immediate," as no distinction can be allowed.

3rd. No letters, &c., the non-delivery of which by the letter-carrier on Sunday has been directed, can be obtained from the Post Office window on that day.

4th. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing as they may think proper; but no person can be permitted to engage a private box for Sunday only.

5th. To prevent the inconvenience and confusion which would arise from frequent changes in these instructions, no request can be entertained unless it extend to a period of at least three months, nor be withdrawn, even after the lapse of that time, without a week's notice.

60. *Change and Bad Money.*—No Postmaster is bound to give change, or is authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

61. *Postmasters not bound to weigh letters for public.*—Except as regards foreign and colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not thereby impeded.

62. *Forbidden Articles.*—Postmasters are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a letter, &c., be posted without the Postmaster's knowledge, or if at

* These and all other hours in this notice are in accordance with the time of the particular locality; but the despatch of the mails is by London time, with which railway time agrees.

* The term "Letters, &c." is meant to include everything sent by the post; whether letters, newspapers, books, or aught else. "Late letters" are such as are posted after the ordinary time, and which cannot, therefore, be sent forward by the mail then in preparation, unless extra payment be made.

any time before its despatch he should discover any letter, &c., of the above description, he is directed not to forward it, but to report the case, with the address of the letter, &c., to the secretary. The following are examples of the articles referred to :—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or combustible.

63. When the reason for the non-delivery of a letter, &c., in the country is "Deceased," the letter is sent, as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before their arrival. When the reason is "Refused," the letter, if an inland one, is retained by the provincial Postmaster for one day only before being sent to the Returned Letter Office, unless the refusal be conditional, in which case the letter is kept for one week, as are all colonial or foreign letters when refused, and letters, whether inland or foreign, marked "Not known," or "Gone away." When the reason is "Not called for" (the letter being addressed to a Post Office), the packet is retained by the Postmaster one month; except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months. London district letters and letters from the country addressed to London and its neighbourhood, whether the reason is "Deceased," "Refused," or "Gone away," are sent to the Returned Letter Office on the day after the attempt to deliver them. All town and provincial letters which contain the name and address of the senders are returned to them the same day they reach the Returned Letter Office. Colonial and foreign letters are, with a few exceptions, returned in periods varying from one to two months.

64. Every letter, &c., which is opened at the Returned Letter Office and found to contain the address of the sender is sent back to him; and, even when a letter does not contain the address of the sender, yet if it encloses money or other articles of value, it is carefully preserved and a record of it kept.

65. *Penalties for sending letters otherwise than through the Post.*—By the Act 1st Victoria, cap. 33, sec. 2, any person conveying otherwise than by the Post a letter not exempted from the exclusive privilege of the Postmaster-General incurs a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every letter, with full costs of suit.

66. *Exceptions from exclusive privilege of Post Office in conveyance of letters.*—The following are the exceptions granted by the Act 1st Victoria, cap. 33, from the exclusive privilege of the Post Office, in the conveyance of letters :—

1st. Letters sent by a private friend, so as such letters be delivered by such friend to the party to whom they shall be directed.

2nd. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

3rd. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

4th. Letters of merchants, owners of vessels of merchandize, or the cargo or loading therein, sent by such vessels of merchandize, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

5th. Letters concerning goods or merchandize sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

6th. No person is authorized to make a collection of such excepted letters for the purpose of sending them in the manner above described.

67. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same :—

1st. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack-horses; and owners, drivers, or guards of stage-coaches.

2nd. Owners, masters, or commanders of ships, vessels, steam-boats, or boats called or being passage or packet boats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

3rd. Passengers or other persons on board any such ships, vessels, steam-boat, passage or packet boat.

4th. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other her Majesty's dominions.

SUGGESTIONS TO THE PUBLIC, &c.

68. Facility is given to the Post Office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations :—

1st. *Letters should be posted as early as possible.*—To post all letters, &c., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the office is much diminished if circulars, before being posted, be tied in bundles with the addresses all in one direction.

2nd. *Registered letters.*—To see that when several letters are sent by the same person for registration they be accompanied with a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned by the bearer. This practice (which is adopted by many bankers) saves time both to the public and to the department.

3rd. *Addresses should be legible and complete.*—To make the address legible* and complete, giving the name of the post town, and if there be more than one town in the kingdom of that name, or if the post town be not well known, adding the name of the county.

* As an instance of miscarriage owing to the want of legibility, it may be mentioned that badly-directed letters intended for Belgrave have not unfrequently been sent to Belgrade.

Letters posted in one part of the United Kingdom and intended for another part (as, for example, letters posted in England and intended for Scotland) should have the name of the country to which they are sent added to the other part of the address. The number of the house, too, if in a street, is a great assistance. It must not be supposed that because a letter will eventually reach its destination without a number, the omission is not a cause of hesitation and delay in the process of sorting for delivery; and when such small delays occur again and again they tend greatly to retard the general distribution. In the case of letters for places abroad the name of the country as well as the town or city should be given in full. Attention to this latter precaution will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. For example:—A letter intended for London in Western Canada, North America, but simply addressed “London, W. C.” would be forwarded to the West Central District of the Metropolis in England, and thus be delayed.

4th. All postal packets to be securely folded and sealed.—To see that every letter, newspaper, or other packet sent by post is securely folded and sealed, and that when postage stamps are remitted, they are enclosed in paper sufficiently thick to prevent them from being seen or felt through the cover. It should be remembered that every such packet has to be several times handled, and that even when in the mail bag it is exposed to pressure and friction. Unless, therefore, the article be light and pliant it should be enclosed in strong paper, linen, parchment, or some other material which will not readily tear or break. The observance of this precaution is especially necessary whenever any fragile articles of value are forwarded by post. These should always be enclosed in a wooden or tin box. Owing to neglect of these precautions many postal packets burst open, causing much trouble to the department and risk to the owners, it being sometimes impossible to determine to what packet a particular article belongs.

5th. Newspapers.—To fasten the covers of newspapers firmly, so as to prevent them slipping out. When, for additional security, the address is written on the newspaper itself, such address (if the newspaper be franked by an impressed stamp) must, in case of re-transmission, be cut off, otherwise the newspaper will become subject to letter postage. It is not sufficient that the old address be obliterated, as the rules forbid writing or any marks of any kind in addition to the true address. If, however, the newspaper be franked by a postage label, it is not necessary to cut off the address, since, in such cases, writing, not of the nature of a letter, is permitted.

6th. Affixing stamps.—In affixing stamps, to wet slightly the corner of the envelope and the gummed side of the stamp, and then gently to press the stamp till it is firmly fixed. The practice of dipping the stamp in water is objectionable, because, unless the stamp be immediately withdrawn, and care be taken by the use of blotting paper or some other absorbent to remove any excess of moisture, the gum may be washed off, or the stamp may be rubbed off the letter. By the use of envelopes bearing an embossed stamp (which can be purchased at any Post Office) all risk of the stamp being detached may be avoided.

7th. Posting.—When dropping a letter, newspaper, &c., into a letter-box, always to see that the packet falls into the box, and does not stick in its passage.

8th. Money, &c.—Never to send money or any other article of value through the post, except either by means of a money order or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter-carrier to moral ruin. Every letter which contains money or other valuable article, even when registered, ought to be securely sealed.

9th. Letter-boxes.—To provide a letter-box.

10th. Removals.—In case of removal, to furnish the particulars of the new address, in a letter, properly signed, either to the secretary or the letter-carrier of the district.

11th. Complaints about mis-sent letters, &c.—When complaint is made of letters or newspapers lost, mis-carried, or delayed, to furnish information as precise as possible regarding all the facts of the case, and to enclose whatever documents may throw light upon it. The day and hour at which the letter or newspaper was posted, as well as the office at which and the person by whom this was done, should always be stated; and when possible, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps. Cases frequently occur in which complaint is made against the Post Office, and redress expected, although little or no means of tracing the error, and of guarding against a repetition of it, is supplied by those who alone are able to do so.

12th. Letter should contain full address of the writer.—To see that every letter contains the full address of the writer, in order to ensure the return of the letter if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned, if the names and addresses of the senders were always either fully and plainly written inside or embossed on the envelopes.

69. Blame often not attributable to Post Offices.—Whilst trouble and loss are too often caused by the carelessness or dishonesty of some of the twenty-three thousand servants of the Post Office, yet the instances are not few in which it has been shown to the satisfaction even of the complainant that the fault attributed at first sight to the Post Office rested really in other quarters.

70. The publisher of one of the London papers complained of the repeated loss in the Post Office of copies of his journal, addressed to persons abroad. An investigation showed that the abstraction was made by the publisher's clerk; his object apparently being to appropriate the stamps required to defray the foreign postage. In another case a general complaint having arisen as to the loss of newspapers sent to the Chief Office in St. Martin's-le-Grand, the investigation led to the discovery of a regular mart held near the office, and supplied with newspapers by the private messengers employed to convey them to the post. Again, a man was detected in robbing a news-vendor's cart by volunteering on its arrival at the entrance of this Office to assist the driver in posting the newspapers; instead of doing so, he walked through the hall with those intrusted to him, and

upon his being stopped, three quires of a weekly paper were found in his possession.

71. Depredation so impudent and systematic is not likely, whoever the perpetrator may be, to remain long undiscovered; but isolated cases of theft by private hands are often brought to light, although necessarily very difficult of proof on the part of the Post Office, upon which no doubt the blame for a time rests; and it is greatly to be desired that those who have suffered loss should in the first instance, and whilst the circumstances are fresh, endeavour to ascertain with the utmost precision all particulars respecting the despatch or receipt of the letters or papers in question, and communicate that information to this department. Indeed generally speaking it is only by careful inquiry into minute details that the offender can be detected, whether he be a servant of the Post Office or not.

72. *Much time often necessary in making alterations.*—The Post Office is a department which admits of constant improvement and expansion; and the public by sending to the Post Office clear and correct information respecting faulty arrangements, may aid in the accomplishment of these objects. It is not, however, always borne in mind that changes in machinery so extensive and intricate as that of the Post Office must be made cautiously, and with much previous consideration.

73. The arrangements of the service, even in districts widely separated, are so much dependent upon each other, and economy of time (one of the first objects in all postal organization) requires that they should be so nicely adjusted, that no alteration can safely be made without a close examination of all its consequences, and the utmost completeness of preparation; for as on the one hand experience proves that almost every improvement made shows the way to further amendment, so, on the other, it will be found that an ill-considered change, though it may give a partial advantage in one quarter, will almost invariably lead to dislocation and confusion in others.

74. This, of course, involves a reference to every district or community which may be affected—often distant from the metropolis; and entails the necessity of reports from various quarters, which must be considered, compared, and in many instances tested by experiment before a safe decision can be arrived at. Even then negotiations with railway companies or coach proprietors may have to be entered into, tenders invited, new contracts made, and old contracts, requiring notice of termination, got rid of, before the decision can take effect.

75. The proper execution of a great portion of these duties not only requires high ability, diligence, and precision on the part of the officers intrusted with them, but is also (and it is this which more immediately concerns the public) a work of time. Hence it has frequently happened that the necessity for a change has been recognized in this office, that investigation has been set on foot, and measures of improvement have been taken before any public demand has arisen; such demand even having been suggested by these very proceedings.

76. *Prevalent misconceptions causing complaints.*—It is often assumed that a mail conveyance, passing by or through a place, however small, ought as a matter of course to deposit the letters directed thereto; the practice being that until the mail arrives at the head post office of the district the letters in ques-

tion are not separated from the other letters of the district. A slight consideration of the nature and objects of the postal service will show that such separation cannot be effected in any other way, unless, indeed, the mail conveyance, even supposing it to be but a mail cart, were converted into a travelling post office, and furnished with clerks of unlimited local knowledge (which is plainly impossible), or unless every town and village in the kingdom having any correspondence with the place in question were to make up a bag for that place; in which case its mail would contain nearly as many bags as letters.

77. It happens from time to time that, owing to the stream of postal communication having been diverted from the old mail road to a line of railway, or from other causes of like nature, it becomes desirable to reduce the post office of a town from the condition of a principal office to that of a sub-office. This step not unfrequently gives rise to complaints; the inhabitants being under the impression that they will not in future be so well served. This is a misconception. The change is not made when it will subject the correspondence to delay; nor does it cause any withdrawal of accommodation in respect to Money Orders. It is, in fact, simply a departmental arrangement, which consists in carrying on the sorting of the letters for the new sub-office at some intermediate office, instead of sending the letters in direct bags.

78. A frequent error is to assume that the Postmaster-General has some control over the delivery, charge, and other postal arrangements in the Colonies, and even in foreign countries; whereas except at Malta and Gibraltar, the British Post Office is as powerless abroad as the Foreign or Colonial Post Offices are here.

79. Another misconception, which occasionally causes trouble and disappointment, consists in assuming that a discretionary power can be intrusted to subordinate officers to remit penalties or over-charges in special circumstances. Cases will undoubtedly occur in which strict observance of a general rule may inflict more or less injustice upon individuals, and where a dispensing power immediately at hand might furnish a remedy; but in an establishment as large and as widely spread as the Post Office there will always be many subordinate officers, some of them carrying on their duties beyond the easy reach of any supervising authority, who are not fit depositaries of such a power, affecting, as it would to a great degree, the public revenue. It therefore becomes necessary to lay down definite and precise rules from which no departure can be allowed, except under sanction of the Postmaster-General; and in the few instances in which these rules press hardly, appeal must be made to the General Post Office. It must be added, that in many instances even such appeal is necessarily fruitless, the Postmaster-General being bound to a particular course by positive law.

80. In regard to the expense of railway conveyance, the public naturally supposes, as such conveyance is the cheapest for ordinary purposes and as the charges made for the carriage of the mails are subject to arbitration, that it must be the cheapest for postal purposes also; and, indeed, so cheap as to warrant the free use of the railways either as substitutes for other conveyance or for the multiplication of mails. The fact, however, is very different

Except in certain instances where companies have entered into arrangements securing to the Post Office the use of their trains on moderate, though still highly remunerative terms, railway conveyance, with all its acknowledged advantages, has proved much more expensive than that which it has superseded. In truth, under any modification of the law that could be made without injustice to the railway companies, the especial establishment of trains at hours unsuited to ordinary traffic (a measure often pressed upon the Postmaster-General) must remain a source of very heavy expense, such as can be justified only by commensurate advantage to the public.

81. Applications for Postal information.—Provision having been made by means of the British Postal Guide (with local Postal Guides in large towns) and the Postal Official Circular, to supply full and authentic information on all postal matters which concern the public at large, it is requested that persons will abstain, as much as possible, from applying for such information to Postmasters and other officers of the department. When information of any kind is asked for verbally the department does not hold itself responsible for alleged errors in the reply.

POST OFFICE SAVINGS BANKS.

82. Hours of Business.—Every Post Office Savings Bank, which is also a Money Order Office, is open for bank business during the same hours as for Money Orders.

83. Amount of Deposits.—Deposits of any amount, not less than One Shilling and not including any pence, are received at any Post Office Savings Bank, provided those made by any separate depositor in any year ending on the 31st December do not increase the total amount of his deposits by more than £30, and provided such total amount, exclusive of interest, is never more than £150. When any depositor's principal and interest amount together to £200, no more interest will be allowed until this sum of £200 be lessened.

84. Name, Address, and Occupation of Depositor to be furnished, and Declaration to be made.—On making his first deposit, every person must give his Christian and surname, and state his occupation and residence, and must sign the following declaration, to be witnessed by the Postmaster, or by some person known to the Postmaster, or by the minister or a churchwarden of the parish in which the depositor dwells, or by a justice of the peace; and if such declaration or any part thereof shall not be true, the depositor making the same will forfeit all right to his deposits:—

**COPY OF DECLARATION TO BE SIGNED
BY DEPOSITOR ON MAKING FIRST DE-
POSIT.**

In pursuance of an Act of Parliament,
I,

do hereby declare to the Postmaster-General that I am desirous on my own behalf to become a depositor in the Post Office Savings Bank. I do further hereby declare, that I am not directly or indirectly entitled to any deposit in, or benefit from the funds of this or any other

Savings Bank in Great Britain or Ireland, nor to any sum or sums standing in the name or names of any other person or persons in the books of the said Post Office Savings Bank; and I do hereby also testify my consent that my deposits in the said Post Office Savings Bank shall be managed according to the Regulations thereof.

Witness my hand this
day of , 186 .

Signed by the said
depositor in the
presence of me,
.....
.....}

Save and except such benefit as I may be entitled to from being a member of a friendly society legally established; or from such sum or sums as may be standing in my name as trustee jointly with the name or names and on behalf of any other depositor or depositors.

If Depositor cannot Write.—If the depositor cannot write, then on making the foregoing declaration, and in any other case in which his signature is required, the depositor must, in the presence of a witness, affix his mark to be attested by the witness' signature.

85. Depositor's Book to be issued—Deposits to be reported to the Postmaster-General and acknowledged.—Every deposit must be entered in the depositor's book, and attested by the officer making such entry, and by the dated stamp of the office. The book must then be given to the depositor and kept by him as primary evidence of the receipt of the deposit. When a book is first given to a depositor he must, in the presence of the Postmaster, sign his name in it. The amount of each deposit, with the name, occupation, and residence of the depositor, must, upon the day of the receipt thereof, be reported to the Metropolitan Office, and an acknowledgment of such deposit will be forthwith sent by post to the depositor as conclusive evidence of his claim to its repayment with interest thereon. If the depositor do not receive the acknowledgment within ten days after making his deposit, he should apply for such acknowledgment to the Principal Office in London.

86. Interest.—Interest calculated yearly at the rate of £2 10s. per cent. per annum will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

87. Persons by whom Deposits may be made.—Besides ordinary persons deposits may be made by—

(A) A trustee on behalf of another person, in the joint names of such trustee and the person on whose account such money shall be so deposited; but repayment of the same, or any part thereof, will not be made without the receipts of both parties.

(B) By or for the benefit of any person under 21 years of age; and repayment will be made to such

minor if more than seven years old, as if he were of full age.

(C) By married women. Deposits so made or made by a woman who shall afterwards marry will be repaid to any such woman unless her husband shall give notice in writing of such marriage to the Postmaster-General, and shall require payment to be made to him.

(D) By the trustees of any legally established friendly, charitable, or provident society, or penny savings bank, provided such trustees make application by post to the Postmaster-General accompanied by a copy of their rules.

88. *Depositor's Book to be sent once a year to Principal Office.*—The depositor's book must be forwarded once in each year, on the anniversary of the day on which the first deposit was made, to the principal office in a cover to be obtained at any Post Office Savings Bank, in order that the entries may be compared with the entries in the books of the Postmaster-General, and that the interest due to the depositor may be inserted in it.

89. *No Charge for Book at first supplied—Charge for duplicate Book.*—No charge will be made for the books at first supplied to depositors, or for books issued to them in continuation thereof; but if any depositor shall lose his book, and shall desire a new book, application must be made by him to the Postmaster-General by letter, stating the circumstances, and enclosing postage stamps of the value of one shilling to pay for the new book should the application be granted.

90. *No Postage charged for transit of Books, &c.*—No charge for postage will be made upon depositors for the transmission of their books to the Postmaster-General, or for the return thereof to them, or for any applications they may have to make for acknowledgments of deposits, or for any application or necessary letter of inquiry respecting the sums deposited by them, or for the replies thereto.

91. *Transfers of Deposits.*—A depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and, on his written application, accompanied by his book, to the chief office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him, and his account with the Post Office Savings Bank will thereupon be closed. A depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him, and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth; and on the certificate being forwarded to London, and verified by the National Debt Commissioners, an account for the amount thereof will be opened with the depositor, and an acknowledgment for the amount will be sent to him.

92. *Withdrawals of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same in a form which may be obtained at any Post Office Savings Bank. In this form the depositor must give the particulars therein required, and on receipt of it at the General Post Office in London, a

warrant for the amount required, payable at the office named by the depositor, will be sent to him by post. This warrant must be presented by the depositor at the Post Office named thereon, together with the depositor's book, in which the Postmaster will enter the amount repaid, and attest the entry with his signature and the dated stamp of his office. The Postmaster will take from the depositor a receipt (not chargeable with stamp duty) on the warrant for the amount repaid to him. The Postmaster-General will endeavour to prevent fraud, and to identify every depositor transacting business with the Post Office Savings Bank; but if any person shall obtain possession of a depositor's book and then fraudulently represent himself to be the depositor, and by forwarding the proper notice of withdrawal, and by presentation of the depositor's book, and compliance with the rules of the department, shall obtain any sum of money belonging to that depositor, the Postmaster-General will not be responsible for the loss thereof.

93. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister or a churchwarden of the parish in which the depositor resides, of a justice of the peace, or, in case of sickness, of the medical attendant. If the depositor be resident abroad, the signature must be verified by some constituted authority of the place in which he resides. A form of order, to be signed by the depositor on such occasions, may be obtained at the Post Office at which the warrant is made payable.

94. *Funds of Deceased Depositors not exceeding £50.*—In case any depositor shall die leaving any sum of money not exceeding £50, exclusive of interest, deposited in the Post Office Savings Bank, and probate of his will, or letters of administration, be not produced to the Postmaster-General, or if notice in writing of the existence of a will and intention to prove the same, or to take out letters of administration, be not given to the Postmaster-General at his principal office within one month from the death of the depositor; or if such notice be given, but such will be not proved, or letters of administration be not taken out, and the probate or letters of administration (as the case may be) produced to the Postmaster-General within two months from the death of the depositor, it will be lawful for the Postmaster-General, after such period of one or two months, as the case may be, to pay and divide such funds at his discretion to or amongst the widow or relatives of the deceased depositor, or any one or more of them if or, if he shall think proper, according to the Statute of Distributions.

95. *Funds of Deceased Depositors above £50.*—In case any depositor shall die, leaving any sum of money in the Post Office Savings Bank which (exclusive of interest) shall exceed the sum of £50, the same will only be paid to the executor or administrator on the production of the probate of the will or letters of administration of the estate or effects of the deceased depositor to the Postmaster-General.

96. *Payment on Death of a Depositor being Illegitimate and Dying Intestate.*—If any depositor, being illegitimate, shall die intestate, leaving any person or persons who, but for the illegitimacy of such depositor, and of such person or persons, would be entitled to the money due to such deceased depositor, it will be lawful for the Postmaster-General, with the authority in writing of the barrister-at-law

appointed to certify the rules of Savings Banks, to pay the money of such deceased depositor to any one or more of the persons who, in his opinion, would have been entitled to the same according to the statute of distributions if the said depositor had been legitimate.

97. Certificate for Exemption from Stamp Duty.—For the purpose of obtaining, free of stamp duty, a probate of will or letters of administration, a certificate of the amount due to the deceased depositor will be granted on application to the Postmaster-General by the proper parties.

98. Incapacitated Depositors.—If any depositor shall become insane, or otherwise incapacitated to act, and the same shall be proved to the satisfaction of the Postmaster-General, then the Postmaster-General, if he shall be satisfied of the urgency of the case, may authorize payment from time to time out of the funds of such depositor to any person whom he shall judge proper to receive it.

99. Settlement of Disputes.—If any dispute shall arise between the Postmaster-General and any depositor, or any executor, administrator, next of kin, or creditor, or assignee of a depositor who may become bankrupt or insolvent, or any person claiming to be such executor, administrator, next of kin, creditor, or assignee, or to be entitled to any money deposited in the Post Office Savings Bank, the matter in dispute must be referred in writing to the barrister-at-law appointed under the Savings Banks Acts, and whatever award shall be made by the said barrister will be binding and final without any appeal.

100. Secrecy.—The officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Act.

For the recovery of debts not exceeding £12, sits every Monday, Wednesday, and Thursday, for Glasgow, on Tuesdays for Lanark and Airdrie, and Fridays for Hamilton, and have jurisdiction over the whole of Lanarkshire. The Defendants are cited before this court on an inducæ of six days; warrants to arrest on the dependence are issued; the decree may be extracted, and arrestments used upon it instantly; and it may be enforced, in all cases, by poinding, sale, and imprisonment, when above £8 6s. 8d. of the debtor's effects, ten free days after its date. In case of the debtor removing to a different county, the decree may be enforced against him there, on being endorsed by the Sheriff Clerk of the county to which he removes. Judges—Sheriff and Sheriff-substitutes of the county.

Note.—The Act authorizing imprisonment for Small Debts expired in 1840 for sums under £8 6s. 8d., excepting claims of aliment.

FORM OF PROCEEDING IN THE RECOVERY OF SMALL DEBTS.

Debts may be recovered in a summary manner before the Justice of Peace Court, to the extent of £5; and before the Sheriff Courts to the extent of £12.

The first step is set forth in a complaint or libel, agreeably to a prescribed form (the Clerks of Court will provide the necessary forms), the origin of the debt, or ground of action; and to cause the same, with a copy of the account, if any, to be served on the defendant.

A warrant will, at the same time, be obtained to cite witnesses.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorize; but in no case by persons practising the profession of the law, or by officers of Court, without special leave of the Court, or cause shown.

If the defendant fail to appear after being cited, he will be held as confessed, and judgment will be given against him.

But when decree is given in absence against the defendant, he may, before the expiry of the charge, apply for a rehearing, on consigning the sums decreed for in cases before Justices, and in cases before Sheriff by consigning 10s. of expenses, on applying within three months from date of charge.

If decree in absence be given against the pursuer, he may, within one month, obtain a rehearing on consigning 2s. 6d., if the case be before the Justices; and the expenses decreed for, with 5s. to meet further expenses, if the case be before the Sheriff.

The case will be adjourned upon the pursuer or defendant offering a suitable excuse, or if any witness be absent.

If decree be given against the defendant, diligence may proceed against him by arrestment instantly; and by poinding, sale, and imprisonment, if above £8 6s. 8d., at the end of ten days before the Sheriff; and by poinding and sale instantly, before the Justices.

If decree be given against the defendant in his absence, poinding and sale, as above, can only follow after a charge of ten days.

The defendant, on showing cause, may be allowed to pay the sums decreed for by instalments.

The decrees of the Sheriff and of the Justices may be executed in any county, on the same being endorsed by the clerk of such county.

Any arrestment used in cases before the Sheriff must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed, on offering sufficient caution, or on showing evidence of absolvitor or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff, for making effectual arrestments; but in such actions both the defendant and arrestee must be cited to appear in court on the same day.

Decrees, pronounced in this summary form by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary; or if there be no Circuit Court, by the High Court of Justiciary at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the judge.

Such decrees, when pronounced by the justices, will only be reviewable, by a reduction before the Court of Session, on the ground of malice and oppression on the part of the justices, and such reduction will only be competent for one year, and finding caution for costs.

No person is exempt from the jurisdiction of justices or sheriffs in such cases, by reason of privilege as a member of the College of Justice.

GLASGOW MODEL SCHOOLS & TRAINING COLLEGE.

234 GEORGE STREET.

The first object of this Institution is to give a first-class education on moderate terms, and at the same time to be self-supporting; accordingly the best masters are employed, and the fees are strictly within the means of the middle classes, while all elemosynary or governmental aid is repudiated, so that no government or other irresponsible official is allowed to exercise any control, but the teachers are responsible to the parents, who may and are expected to visit the school as often as they see fit.

The second object is to afford to well-educated young men and women, who have a desire to become teachers, an opportunity, at a moderate expense of time and money, of becoming acquainted with and mastering the practical difficulties of the teacher's calling. Young men who are attending the university, and with views to the teaching profession, will find in this institution, at a moderate fee, every facility of acquiring a knowledge of the details of school management. This department of the Institution is placed under the control of a committee.

The Choral Union was formed in 1855 by the amalgamation of the Glasgow Musical Association, instituted in 1843, and the Glasgow Harmonic Society, instituted in 1850. Including chorus and orchestra, it numbers about 500 members. The meetings are held in the Lesser City Hall, South Albion Street, on the evenings of Monday, Wednesday, and Thursday in each week during the season. The general rehearsals, chorus and orchestra combined, take place on Mondays; orchestra alone on Thursdays; part practisings of the chorus on Wednesdays; soprano and alto, tenor and bass, every alternate week.

The object of the Union is the cultivation of a taste for classical music, and for this purpose frequent public performances are given, in addition to the weekly meetings. The qualifications for membership are, a good voice and ear, or knowledge of an instrument, combined with the ability to read music at sight. A committee meets monthly to test applicants for admission, who must previously make written application to the secretary. Gentlemen members pay an annual subscription of five shillings. Tickets in force for one year from date of entry.

Honorary members, subscribing one guinea and a half per annum, are entitled to two reserved seat tickets for each concert given during the year of their membership; those subscribing one guinea per annum receive two tickets for reserved benches in side galleries. Both classes of subscribers have the privilege of attending all rehearsals, and their tickets are in force for one year from date of subscription.

Last season a performance was given in the Cathedral, chiefly illustrative of Scottish Psalmody and ancient and modern English anthems. In November, 1862, Beethoven's "Engendi," and Rossini's "Stabat

Mater" were performed. In January, 1863, "Engendi" was repeated, selections from Handel's "Israel in Egypt," Haydn's "Seasons," and other classical works were brought forward, and a concert of miscellaneous secular music was given. In March nearly the whole of "Israel in Egypt" was performed, and a selection of secular choruses and part-songs were given.

FARES.

It shall be in the option of the owner or driver to charge by time or distance.

Fares by Distance.—The distance to which any hackney carriage may be driven under these by-laws, shall be five miles from the Cross of Glasgow.

When a party not exceeding two grown-up persons, and without any luggage other than a carpet bag, or the like, enters a carriage at a stand (not being one of the Railway Stations) or when driving along disengaged, they shall be driven half a mile for Sixpence, and if they return they shall pay another Sixpence.

Excepting the Sixpenny fare (which see), the fares by distance shall be shown in the annexed Table of Fares (No. 2). The charge in the Table shall include going from the nearest stance to the hirer's residence, and waiting ten minutes. But if the carriage

be detained before starting more than ten minutes, a charge of waiting at the rate of Sixpence for each quarter of an hour, or part thereof, after the expiry of the ten minutes, shall be allowed, and if the place where the hirer is to be lifted be above three hundred yards beyond the nearest stance whence the carriage is taken, there shall be a charge of Sixpence extra.

When any place is not mentioned in the Table, the fare shall be the same as that to any place mentioned which may be in the immediate vicinity, not being a greater distance.

Half-fare returning.

When parties return (which they shall have the option of doing), and the fare going is One Shilling, the carriage shall wait ten minutes without any charge for waiting; when One Shilling and Sixpence, fifteen minutes; when Two Shillings and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting, at the rate of Sixpence for every twenty minutes, or part thereof, commencing at the period when the free waiting expires.

When a carriage is called, but not used, a charge of Sixpence shall be allowed, if the place to which it is called be under half a mile from the stance, and One Shilling if beyond that.

Fares by Time.—For *bonâ fide* shopping, making calls, and the like, where the driving is not continuous, the charge shall be One Shilling for the first half hour, and Sixpence for every additional quarter of an hour.

For an airing in the country, within five miles from the Cross, and returning either by the same or a different road, the rate shall be Sixpence for every ten minutes. Unless the hirer wishes a slower pace, the rate of driving, when out on an airing, shall be at least six miles an hour. If the airing go beyond five miles, the duty to be paid in addition.

Whether the Fares are by Distance or by Time.—The hirer pays tolls.

If there be more than four grown persons driven, a charge of Sixpence extra shall be made for each additional grown person, and a charge of Sixpence for each two children above six years of age. No additional charge for one child above six, or children under six.

For luggage, exceeding 56 lbs in weight, there shall be a charge of Sixpence extra; but there shall be no charge for luggage under that weight. The driver shall assist in loading and unloading in all cases when required.

From eleven at night till two morning, fare and a half; from two till five morning, double fare; after five o'clock, the ordinary fare.

Owners or drivers may agree to drive at lower fares than those fixed. In that case, should they demand more than the fare agreed upon, they shall be liable as for an overcharge.

No charge for drivers.

Fare may be withheld.—Any party shall be entitled to withhold payment of the fare—

2nd. When the reference ticket is not offered on entrance.

3rd. When the by-laws and table of fares are not shown on demand. And

4th. When an overcharge is made.

The Magistrates also recommend to the inhabitants to keep the hatchway, or other access to the roof of their houses, properly secured, and not to intrust the key to any chimney-sweeper who has not a badge, in order to prevent theft and destruction to property.

THE STANDARD LIFE ASSURANCE COMPANY.

ESTABLISHED 1825.

CONSTITUTED BY SPECIAL ACTS OF PARLIAMENT.

PROGRESS OF THE COMPANY'S BUSINESS.

THE BUSINESS of the COMPANY has increased steadily year by year, until it has attained its present large amount. THE STANDARD has transacted a larger amount of Business during the last sixteen years than any other Office.

From 1846 to 1851 the amount of Assurances effected was	.	.	.	£2,245,461	13	0
From 1851 to 1856 the amount of Assurances effected was	.	.	.	2,541,840	5	1
From 1856 to 1862 the amount of Assurances effected was	.	.	.	3,309,078	14	5

Total in sixteen years	£8,096,380	12	6
----------------------------------	------------	----	---

Thus the average amount of new Assurances during the sixteen years, from 1846 to 1862, has been upward of Half a Million Sterling per annum.

These results have not been attained by any other than constitutional means, and the Directors are satisfied that, large as the Business has been, no office can exhibit a better class of risks. It has not been increased by the inducement of personal loans.—The Directors have not followed the practice of assuring deteriorated lives on enhanced terms, nor has the STANDARD obtained business by means of agencies out of the United Kingdom. In short, it is a first class home business, the Assurances being almost entirely, as stated in the Proposals for Assurance, effected in connection with family Provisions and Marriage Settlements.

The REVENUE of the Company was in 1846	.	.	.	£120,815	19	5

THE POLICIES OF THE STANDARD LIFE ASSURANCE COMPANY

ARE MORE VALUABLE THAN ORDINARY POLICIES,

inasmuch as they are free from extra Premiums in the case of Foreign residence, when the Directors are satisfied there is no intention or prospect on the part of the Assured to reside abroad. They are also free from other restrictive clauses. These are great benefits. Take as an example a liferenter who assures his life. In ordinary Policies he is limited to residence in Europe, and his Policy is subject to forfeiture on various grounds. A STANDARD Free Policy, once obtained, contains but one condition—payment of the Premiums, and for that, too, increased facilities are given; while, at the end of five years, the Assurance Deed becomes—as regards any question—a simple promise to pay on proof of death. If the Policy is to be made the Basis of a Marriage Contract, or to be a security in any way, the advantage of a free Assurance is undeniable; and in the present day, every Policy, it may be said, becomes in the course of its existence in some way or other, the groundwork of a responsible transaction.

THE PROFITS OF THE COMPANY

have been divided on six occasions—in 1835, 1840, 1845, 1850, 1855, and 1860—when large additions were made to Policies under the peculiar modes of division adopted by the Company, which is essentially Tontine, affording very important advantages to Assurers.

Next Division in 1865 and every five years afterwards.

IN 1860 the remarkable position of the "ROYAL," with respect to all other Offices, was thus shown:—
Its INCREASE was more than DOUBLE THAT OF ANY OTHER COMPANY, and more than 30 PER CENT. of the entire Increase of all the London Offices combined. Its Increase was also more than 30 PER CENT. of the entire Increase of the other Twenty-eight Country Offices combined. It is highly satisfactory now to state that, in 1861 likewise, the "ROYAL" stands at the HEAD OF ALL OFFICES; its Increase being considerably more than 50 PER CENT. above that of the Company approaching nearest to it, and actually more than ONE-SIXTH OF THE ENTIRE INCREASE of the remaining Forty-three Offices.

NO CHARGE IS MADE FOR POLICY STAMPS OR MEDICAL FEES.

POLICIES are purchased by the Office; or Loans may be obtained upon them when their surrender value amounts to £20 and upwards.

If a party neglect to pay for the renewal of his Policy, he may repair the omission any time within twelve months, upon proof of good health.

The Profits (subject to a trifling deduction) are divided among the Insured. The Plan upon which they are divided gives to each party insured a share proportionate to the amount of the Premiums he has contributed.

In addition to these advantages, the Directors adopt the principle of allotting a Bonus to Policies entitled to participate in Profits lapsing between the Quinquennial Periods of Division, at the rate of £20 per cent. on the aggregate amount of Premiums paid on each such Policy from the then last Quinquennial Division.

The Directors have always acted upon the principle that they are bound to receive the Renewal Premium upon a Policy any time within the thirty days' grace allowed, notwithstanding the death of the Life Insured.

The following Extract, from the LIST OF CLAIMS paid by the "PROVIDENT," is published with the sanction of the parties interested in the Policies, some of whom have accompanied their acknowledgment of the unexpected advantages with an earnest desire that the widest circulation may be given to the publication.

LIFE DEPARTMENT

The Accumulated Premiums are over £1,700,000, and the Annual Income exceeds £180,000.

BONUSES have been declared on some Policies to an amount GREATER THAN THE SUM ORIGINALLY ASSURED.

PREMIUMS HAVE BEEN EXTINGUISHED, where the parties assured have applied the Bonus in reduction of the Annual Premium.

At the valuation up to Christmas, 1859, there existed a SURPLUS of £270,295—the whole of which belonged to the Policy-holders.

The next valuation will be made up to Christmas, 1864. Policies on the Participating Scale, in England or Ireland respectively, which may be effected before that date, will, if the parties be then alive, participate in the surplus in proportion to the time they may have been in force.

The sum of upwards of £3,660,000 has been paid during the existence of the Office for claims under Life Policies, of which amount a very considerable part was for Bonuses.

Persons assuring in Great Britain have the option of—

PARTICIPATING RATES OF PREMIUM, or of

NON-PARTICIPATING RATES.

The Directors beg to announce that the rates of Premiums have been recently revised and readjusted in accordance with a long experience, and that

THE NEW SCALE will be found very advantageous to persons desiring to commence assuring early in life.

THE NON-PARTICIPATING SCALE is particularly adapted to parties wishing to assure a fixed sum only, at a fixed rate of premium, and on low terms.

Premiums may be paid Annually, Half-yearly, or by a limited number of Annual Payments.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium, and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other Company. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Mills, Manufactories, Sugar Houses, Distilleries, Warehouses, Stores, Ships Building, Ships in Harbour, Houses, Furniture, Stock-in-Trade, &c., assured for the year, or any shorter period.

The Policies of this Company cover Losses occasioned by the explosion of Gas. Losses occasioned by Lightning will also be paid.

The duty paid to Government by the Atlas Company on Fire Assurance in 1861, amounted to over £45,000.

Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances, may be obtained on application to the office, No. 92 Cheapside, London; or to any of the Company's Agents.

SCOTTISH UNION FIRE AND LIFE INSURANCE COMPANY.

LONDON, 37 Cornhill. | EDINBURGH, 47 George Street. | DUBLIN, 52 Dame Street.
Incorporated by Royal Charter, and established 1824.

GLASGOW BOARD.

John M'Gregor, Esq.	John Blackie, Esq.	George Fleming, Esq.	Alex. M'Gregor, Esq.

HUGH MONCRIEFF, Esq. SECRETARY.

THE SCOTTISH UNION INSURANCE COMPANY was instituted in 1824, and is Incorporated by Royal Charter, and Empowered by Act of Parliament. It is composed of a very numerous, wealthy, and influential body of Proprietors, and affords the most unquestionable security to the Public from the magnitude of its capital—a large proportion of which is invested in Government and real securities.

INVESTED FUNDS upwards of £800,000

ANNUAL REVENUE from all sources, upwards of £170,000

AMOUNT OF LIFE INSURANCES IN FORCE £2,700,000

The large increase which has taken place in this Company's Business, is the best proof that the liberal principles upon which it is conducted, are duly appreciated by the public.

LIFE DEPARTMENT.

PROGRESS DURING THE LAST FOUR YEARS.

Year Ending.	No. of Policies.	Sum insured.	New Premiums.
1st August 1859	522	£252,740	£7,814
" 1860	625	304,705	9,828
" 1861	874	404,014	12,785
" 1862	915	427,380	13,197

The Directors request the special attention of intending Insurers to the system of Division of profits followed by this Company, than which no plan can be more fair and equitable.

Every five years each Policy-holder entitled to participate, receives a share of the Surplus in exact proportion to the Premiums paid during the five years, with accumulated interest thereon. The share of profits so allocated is then converted into a Reversionary Bonus, according to the age of the party.

While this system gives to each an exact proportion, it will be found alike favourable to young lives whose prospects of longevity are greater, and to parties entering at middle life or the more advanced ages; the Premiums paid by them being higher than at the earlier ages.

The following examples of BONUS ADDITIONS are taken from the Company's Books:—

A Policy issued in 1834 for £4000, had increased at 1st August, 1861, to the sum of £5,402 17 1

A Policy issued in 1836 for £5000, had increased at 1st August, 1861, to the sum of 6,487 15 10

A Policy issued in 1841 for £1000, had increased at 1st August, 1861, to the sum of 1,256 14 9

FIRE DEPARTMENT.

The Annual Premiums exceed £436,000, and place it in the first-class of Fire Offices; its liberality and promptitude in settling claims have been established in the adjustment of enormous losses; and its influence in determining rates of Premium has uniformly been given to proposals for improving the character of risks, that high Premiums may be unnecessary.

The system of BONUSES is simple, involving no possible liability of Partnership; liberal, guaranteeing a more than average amount of benefit; satisfying, because known at the date of the Insurance, and therefore, free from disappointment, uncertainty, and doubt. The arrangements in other respects are intended to render Policies of the LIVERPOOL AND LONDON perfect securities in the hands of third Parties. BANKERS.

THE ROYAL BANK OF SCOTLAND.

OFFICE—111 ST. VINCENT STREET.

LIFE DEPARTMENT.

THE Arrangements of this Office are based on principles that have been verified by experience.

The Rates for Assurance of fixed sums are very moderate.

Extra Premiums for Foreign Residence have been dispensed with to a great extent, and a very important rule has been adopted to protect the interests of parties holding Policies on the Lives of others, who may incur extra risks without the knowledge of the holders.

For surrender of Policies of the ordinary class, after three years' endurance, a liberal return of Premiums according to a fixed rule, is *guaranteed*, besides the value of vested Bonuses where such have been declared.

According to the constitution of the Company, Investigations must be made at intervals not exceeding five years. The last investigation took place at 31st January, 1862, when Bonuses were added to all Assurances of the Participation Class; and the following results of this and previous declarations may be stated.

- | | |
|--|------------|
| 1. A Policy for £1000 on which 7 years' premiums had been paid was increased in 1862, to £1098 | 2 10 |
| 2. A Policy for £1000 on which 12 years' premiums had been paid was increased to | £1170 15 7 |
| 3. A Policy for £1000 on which 17 years' premiums had been paid was increased to | £1243 19 1 |
| 4. A Policy for £1000 on which 22 years' premiums had been paid was increased to | £1319 16 2 |

A further Bonus is also payable on Policies, to which vested additions have been made becoming Claims before next Investigation—an arrangement which secures for such case advantages similar to those of Annual Investigations.

POLICIES are *indisputable*, after five years, if the age of the Assured is admitted.

AT the TENTH ANNUAL MEETING of the Shareholders, held on the 5th September 1862, the Directors had the satisfaction of reporting the following results of the business for the past year:—

1. That the Fire Income exceeds £60,000 per annum.
2. That the Fire Losses were £15,783.
3. That the Life Income is nearly £29,000 per annum.
4. That the Life Assurance Fund now amounts to £88,510.
5. That the Funds of the Company are now increased to £236,592.

The ELEVENTH ANNUAL MEETING of the Proprietors was held in Manchester on 12th March, 1863* JOHN TODD, Esq., in the Chair.

The General Manager read the Report of the Directors, which stated that the Meeting had been convened in accordance with the resolutions passed at the Meeting of Shareholders held in September last, and the period embraced in the report is from 20th July to 31st December, 1862, being five months and eleven days.

During this very limited period, the net profit on the FIRE BUSINESS was £8570 2s. 9d., while the NEW LIFE BUSINESS WAS MORE THAN DOUBLE the New Business of the corresponding period of last year.

The funds of the Company amounted on 31st December, to £251,272 12s. 3d.

The next Quinquennial investigation into the Life Business, with the view to a division of profits, will be made at December, 1864. All intending Insurers should insure before December next, so as to secure the benefit of the present year's entry.

The rates of premium in this branch are generally lower than those of other first-class offices, while the advantages held out are equally great.

Forms of Proposal, Prospectuses, and further information, may be obtained at any of the Offices or Agencies of the Company.

The share of profits allotted to each Policy may be added to the sum insured, and payable at the death of the Life—or its present value in cash may be received—or an equivalent reduction of the future Annual Premium obtained—at the option of the Assured.

THIS Society is conducted on the principle of Mutual Assurance; and there being no Proprietary Body, the whole of the Profits belong exclusively to the Members.

A Division of Profits is made every year, and all Members' Policies upon which five full Yearly Premiums have been paid are entitled to participate therein, either by a reduction of the Premium for the current year, or by an equivalent Reversionary Addition to the Sum Assured.

The Reduction in Members' Premiums for the year 1863 is at the rate of £42 per cent.; an annual Premium of £10 is thus reduced to £5 16s Od. for the current year.

The Society's Capital, accumulated solely from the Premiums, amounts to £416,000, after providing for all claims and expenses; and the Annual Income from Premiums and Interest on the Capital, to £74,655, thus affording the fullest security to the Assured, for the due fulfilment of the Claims as they arise.

The Society has paid to the Representatives of deceased Members nearly £550,000, in addition to £230,000, returned to Members as profit and applied to the Reduction of their Premiums.

No charge is made to Members beyond the amount of their Premiums.

Medical Fees and Policy Stamps are paid by this Society.

Twenty days' grace are allowed for Payment of Renewal Premiums.

Policies remain in full force during the days of grace.

A portion of the Premiums on whole Life Policies may remain unpaid, at Interest.

The Society makes no extra charge for Members of Volunteer Rifle Corps serving in the United Kingdom.

COLONIAL AND FOREIGN ASSURANCES.

THE COLONIAL LIFE ASSURANCE COMPANY was established at Edinburgh in 1846, and introduced new and important features into Life Assurance practice, by publishing rates calculated for Foreign residence, and by establishing Agencies abroad, thus affording increased facilities to persons whose views or occupations might lead them to travel or reside in other countries. By its means, also, the benefits of Life Assurance were extended to India and the Colonies of Great Britain generally, on such beneficial terms, and under such liberal conditions, as improved knowledge and the circumstances of the times authorized and required.

The progress of the business has been most successful and satisfactory in every respect, and its extent has proved how greatly such an institution was wanted.

THE RATES OF THE COMPANY for Colonial and Foreign residence will be found moderate; and looking to the facilities and advantages afforded by the Company, they may be considered more advantageous, and virtually less expensive, than those of any other Office doing business abroad.

For the purpose of giving increased facilities, also, in the Company's transactions, the Directors have formed Local Boards of Management, and Branch Offices, in India and the Colonies, where Assurances may be effected, Premiums paid, and Claims settled.

HOME ASSURANCE.

THE DIRECTORS of the COLONIAL LIFE ASSURANCE COMPANY having directed much attention to the CLASSIFICATION OF RISKS in connection with LIVES ABROAD, in which they have been most successful, have turned their attention to the CLASSIFICATION OF HOME RISKS, so as to give Professional Men, and settled persons of all classes whose occupations are not likely to call them beyond the limits of Europe, the advantage and privilege of possessing Policies, unfettered by restrictions as to foreign residence, on terms which the absence of such extra risks authorize them to adopt.

The Directors have, in accordance with these views, resolved to grant to Persons resident in this country, whose occupation, profession, or calling infers a residence in the United Kingdom, and who declare that they have no intention of going abroad,

Policies Without any Restriction as to Residence.

It is not possible to state exactly the Professions which this class will embrace, and much will depend on the features and particulars of each case; but the Directors may mention a few Professions and Occupations which the new Class will include:—COUNTRY GENTLEMEN, BARRISTERS AND ADVOCATES, SOLICITORS,

AND OTHER LAW AGENTS, SETTLED MEDICAL PRACTITIONERS, BENEFICED CLERGYMEN, MANUFACTURERS, AGRICULTURISTS, RETAIL SHOPKEEPERS, and others of like position; it being a rule, however, that no policy under this class shall be issued on the life of any one below the age of 25, unless he shall have settled in life.

The Home Rates of premium are moderate. For example—

	Age 25.	Age 35.	Age 45.
With Profits,.....	£2 1 0	£2 13 10	£3 14 2 per cent.
Without Profits,.....	1 17 7	2 9 4	3 7 11 "

DIVISION OF PROFITS.

The first Division of the Company's Profits took place as at 25th May, 1854, and the second as at 25th May, 1859, when large additions were made to all Policies effected in the Participation Scheme of the Company, as shown in the following Table, the example being Policies of £1000:—

Policies opened before	Original Sums Assured.	Bonus.		Total Bonus Additions.	TOTAL.
		Eight Years, 1846 to 1854.	Five Years, 1854 to 1859.		
25th May, 1847...	£1000	£160	£75	£235	£1235
" 1849...	1000	120	75	195	1195
" 1851...	1000	80	75	155	1155
" 1853...	1000	40	75	115	1115
" 1855...	1000	—	75	75	1075
" 1857...	1000	—	45	45	1045
" 1859...	1000	—	15	15	1015

The additions to Policies of larger or smaller amount are in the same proportion.

Those who do not wish to add the amount of the Bonus to the sum assured, are permitted to take the value of the addition in a present sum, or to apply its value for five years to the reduction of the Annual Premium.

THE PRESENT INCOME of the Company is upwards of One Hundred and Thirty Thousand Pounds Sterling per annum, and the ACCUMULATED FUND upwards of Four Hundred and Fifty Thousand Pounds Sterling.

Every information regarding the Company will be furnished on application to any of the Branch Offices or Agencies.

By Order of the Directors,

THE Company, established in 1823, has existed upwards of thirty-nine years, and has been incorporated by Act of Parliament, for the purpose of carrying on the business of Life Assurance in all its branches, on the most liberal and improved principles. The success which has attended the Company since its commencement, and its annually increasing prosperity, is a gratifying proof that the principles upon which it is founded are calculated to confer great benefits on Assurers.

The following are the principal advantages given by this Company:—

MUTUAL ASSURANCE, without Liability. See English Law Cases for Call on the Policy-holders in a Mutual Insurance Society for Debts of the Society.

The guarantee of a responsible body of Proprietors, either personally or otherwise, assured with the Office, affords the most undoubted security to all classes of Assurers, in addition to the accumulated and invested fund of the Company, now considerably above £900,000.

NINE-TENTHS of the WHOLE PROFITS Septennially divisible among the Assured—a larger proportion than can be divided with safety by any simple Mutual Assurance Society.

AN INTERMEDIATE BONUS paid on Policies becoming Claims between one investigation and another.

All the advantages of an Annual division are thus given, without its attendant evils.

THE MOST EQUITABLE PRINCIPLE OF DIVISION.

The greatest benefits are thereby bestowed upon all *first class lives*, by no undue Bonus being paid away to those who may die early.

RATES OF PREMIUM EXTREMELY MODERATE.—The non-participation scale very favourable for security on Loans, or for *partnership* Insurances.

In reference to the next SEPTENNIAL DIVISION of this Office at 31st August, 1863, the special attention of intending Insurers is requested to the BENEFITS which the Company's system of Division has conferred on its *Participating Assured*; illustrated in the results of previous Declarations to the old Policy-holders—the best class Lives.

The following are a few of these claims now or previously paid, with

BONUSES EXCEEDING ONE HUNDRED PER CENT. ON THE SUMS ORIGINALLY ASSURED:—

Later Entrants have received Bonuses proportionate to their endurance and payments, as illustrated in *Prospectus*.—All parties entering on the Participation Scale, before 31st August next will share in the Division of 1863.

Bonuses may be surrendered for cash, or applied in reduction of the annual premiums. By this latter course, several of the oldest Policy-holders have redeemed their Premiums, with a Bonus still attaching to the Policy, and *increasing*.

THIS SOCIETY is specially authorized by its Act of Parliament to Guarantee Officials in every Department under Government, and having acquired the business of the BRITISH GUARANTEE ASSOCIATION is now the *only* Society whose Guarantee Policies are accepted by Government.

The Officials of the Treasury, Customs, Inland Revenue, General Post-Office, Poor-Law Board, the Board of Trade, War Office, Admiralty, Commissioners of Her Majesty's Works, &c.; Home, Colonial, India, and other Government Departments; the principal Banks, Railways, Public Companies, Municipal Corporations, &c., in Great Britain, India, and the Colonies, are largely guaranteed by Policies of this Society.

Every description of LIFE ASSURANCE is transacted by the Society, at moderate rates, with or without participation in profits.

The combination of Guarantee with Life Assurance, which is a feature introduced by this Society, affords important advantages to the Assured, as considerable deductions are made on the Guarantee Premiums (in some cases equal to the whole annual payment), depending upon the relative amounts of the Life and Guarantee Risks.

ANNUITIES are granted by the Society, either as Immediate, Deferred, or Reversionary, upon liberal terms. The following will show the IMMEDIATE Annuity granted for £100, at the respective Ages:—

ORDINARY ASSURANCE (A).

The Original Scheme of the Association has been in operation for Twenty-four Years, and is arranged expressly with the view of reducing the expense of Life Assurance as low as is consistent with security.

1. AN ALLOCATION OF PROFIT is made yearly to all Policy-holders who were of Five Years' standing at the date of the preceding balance, and so as to reduce the outlay for the policies. Policy-holders of the First Series have thus for many years been called on to pay only 12s. 6d. (instead of 20s.) per £1 of their premiums; the remainder having been paid from the profits. For example, a Policy-holder whose premium is £50, obtains this year a return from the profits of £18 15s.; and another, whose premium is £20, obtains £7, 10s. Even the latest Policy-holders entitled to participate in the profits have had already an allocation of 25 per cent. of their premiums, and require this year to pay only 15s. per £1.

2. The OUTLAY FOR A POLICY may be materially lessened also, until the time of participation in Profits, by the HALF-CREDIT SYSTEM; under which only half the premiums for the first six years need be paid, the other half remaining unpaid (at interest) as long as the Assured pleases.

3. FREEDOM FROM RESTRICTIONS. The Policies now being issued are free from some important Restrictions imposed by other Offices, and confer unusual privileges. They are thus peculiarly valuable as securities for Money, Family Provisions, and for every other purpose.—See *Prospectus*, for full Explanations.

UNCONDITIONAL ASSURANCE (B).

While the Policies of the Original Scheme have been relieved of many of the usual imperfections of Assurance Policies, the Association has, by this New Scheme, met the desire of late manifested for a system still more simple and unconditional.

1. No FORFEITURE (as is usually the case) by omission to pay a premium through accident or oversight; and after Five Years, payment of a premium may be intentionally postponed for a year.
2. No RESTRICTIONS as to Occupation, Residence or Travelling; and no Extra Premiums can ever be payable.
3. THE LIABILITY OF THE ASSOCIATION for the Sum Assured continues even if death happen by *Suicide*, *Duelling*, &c.
4. THE VALIDITY OF THE POLICY cannot be questioned in so far as an Assignee is concerned; and, under any circumstances, the Assurance becomes unquestionable and indefeasible by the lapse of Five Years.
5. THE WITHDRAWAL of a fixed and unusually large proportion of his payments, either as a loan on security of the policy, or for its surrender after the first year, is in the power of the Policy-holder.
6. ALLOCATIONS OF PROFITS in the form of *Bonus Additions* to the sum assured, with the option of equivalent cash payments.

The Policies of this New Scheme have, therefore, an EXTRAORDINARY VALUE and IMPORTANCE, and afford complete protection under almost all circumstances. It is, however, not intended for persons residing in, or likely to proceed to, unhealthy climates.—See *Prospectus*, for full Explanations of the Scheme.

LIFE ASSOCIATION OF SCOTLAND—Continued.

STATEMENT BY THE DIRECTORS

OF THE

LIFE ASSOCIATION OF SCOTLAND.

THE DIRECTORS of the SCOTTISH WIDOWS' FUND LIFE ASSURANCE SOCIETY have lately issued certain comparative statements, professing to prove its superiority over other Life Offices in LOWER RATES OF PREMIUM—LARGE BONUSES FROM PROFITS—EXTENT OF BUSINESS, &c. These statements have been prepared, the Directors say, “with the view of affording to all who desire information, the means of deciding, by comparison with other Offices, whether it is for their advantage to effect their Assurances with the Society.”

These statements are neither fair nor legitimate, and do not convey just or correct impressions as regards many of the Life Offices with which that Society has to compete. The DIRECTORS of the LIFE ASSOCIATION OF SCOTLAND, therefore, feel called on to submit the simple facts in as far as their OFFICE is concerned.

RATES OF PREMIUM.

The Directors of the Scottish Widows' Fund Society repeat, again and again, the statement that “*their Premiums are LOWER than those charged by the Leading Life Offices, while the Bonuses declared are not exceeded by those of any other Insurance Company.*”

The following comparison will show how far this assertion is correct:—

Annual Premiums for Assurance of £100, with Profits.

Age.	Charged by SCOTTISH WIDOWS' FUND.	Charged by LIFE ASSOCIATION.	Age.	Charged by SCOTTISH WIDOWS' FUND.	Charged by LIFE ASSOCIATION.	Age.	Charged by SCOTTISH WIDOWS' FUND.	Charged by LIFE ASSOCIATION.

18	2 0 2	1 16 8	30	2 11 9	2 10 0	42	3 10 0	3 9 6

26	2 7 6	2 5 2	38	3 3 0	3 1 4	55	5 5 1	5 13 4

PROFITS OR BONUSES ALLOCATED TO POLICY-HOLDERS.

The Directors of the Scottish Widows' Fund Society repeatedly state that “*the Bonuses declared by them are not exceeded by those of any other Insurance Company;*” and, farther, make the still more extraordinary assertion, that “*for every £100 of Bonus to be expected from a Proprietary Company of the highest standing, a Bonus of £120 may be expected from the Scottish Widows' Fund.*”

These undue pretensions are quite inconsistent with the facts, as is well known to every one intimately acquainted with the Principal Assurance Offices; and the following comparison disposes of them as regards the LIFE ASSOCIATION OF SCOTLAND:—

Policies for Assurance of £1000, with Profits.

NOTES.—The Life Association applies its profits in reducing from year to year the Premiums payable for the Policies—in other words, in Cash Payments to its Policy-holders. The accumulated amounts of these are therefore compared, in the above Table, with the “Equivalent Values in Cash,” for which the Scottish Widows' Fund exchanges its Bonus Additions payable at death. The higher Premiums exacted by the Society at most ages have not been taken into account in the Table.

It may be noticed, farther, on examination of the Bonus Table published by the Scottish Widows' Funds that the Profits allocated to that Society's Policy-holders have been on the decrease. Thus, at the late three Divisions the Bonus was at these respective rates, viz., £2 per cent. at the Division in 1845, £1 15s. per cent. at that of 1852, and £1 12s. 6d. per cent. at that of 1859.

LIFE ASSOCIATION OF SCOTLAND—Continued.

EXTENT OF BUSINESS.

The LIFE ASSOCIATION OF SCOTLAND has just completed its twenty-fourth year, and has transacted new Assurances to the amount of £7,667,562 The Scottish Widows' Fund Society, during its first twenty-four years, transacted £4,546,214

During the Last Ten Years

The LIFE ASSOCIATION OF SCOTLAND transacted new Assurances for £5,346,623 The Scottish Widows' Fund Society, during the same years, transacted £4,705,138

The DIRECTORS of the LIFE ASSOCIATION OF SCOTLAND—having thus made it evident that the position of the Association's Policy-holders is certainly not inferior to that of the Assured in the Scottish Widow's Fund Society—leave the public to judge whether an Institution constituted as the Life Association, does not in reality contribute greatly to the interests of its Policy-holders—not only by relieving them of the liabilities of partnership—but also by assuming the responsible and energetic management best fitted to secure successful financial results.

THE long experience which has now been attained in Life Assurance transactions, and the growing conviction, justified both by observation and calculation, of the stability of results based upon an average estimate, have lately enabled different Companies to offer a variety of privileges to the Assured, and to share with them a larger proportion of Profits than was formerly thought safe or necessary. Many of these privileges are founded upon sound principles deduced from experience, and result in a benefit to the Assured, without detracting from the solid foundation of the business. Others, which in these days of keen competition have occasionally been put forward, are not founded upon sufficient data, and therefore do not, among reflecting persons, increase the confidence placed in the Institutions from which they emanate.

It is the intention of the Directors of the SCOTTISH FRIENDLY LIFE ASSURANCE COMPANY to select and offer to Assurers all those benefits which experience and sound calculation have shown to be consistent with safety, while they carefully avoid all attempts to catch at business by empirical schemes.

Advantages to Policies with Participation. IN commencing a new undertaking, in which they are confident of success, the Directors believe that they will be enabled to give to those who assure on the footing of Participation, greater advantages than most of the older Establishments which are fettered with engagements to Policies of earlier date.

Non-Participating Rates. THE Rates for Assurances without Participation have been calculated on the lowest scale which the Directors are advised to be consistent with safety. The whole calculations are based on a fixed Table of Mortality ; so that a secure basis is afforded for all future estimates of the Company's Assets and Liabilities.

Division of Profits. THE Assurances with and without Participation will form two departments of Business ; and the Assured "with Participation" will receive Nine-tenths of the whole Profits : the Company reserving One-tenth in return for the guarantee afforded by their capital.

Economy and sound Principles. THE Assurers of both classes will have, in the first instance, the guarantee of the subscribed Capital of £100,000 ; but it is confidently anticipated by the Directors that through economy of management, prudence in investments, and care that all transactions be undertaken on sound principles, a still more valuable guarantee will be given to the Public.

Indisputability. AN admission of the stated age will at once be indorsed on the Policy, when sufficient evidence has been produced. All other statements made at the time of effecting an Assurance will be held as admitted, if the Assured shall have survived the period of admission for *three years*, without such statements being challenged.

Foreign Residence. WHEN the Assured is above the age of 25, and follows a profession or occupation which renders it probable that he will be permanently resident in this country, the Company will at once give him a World-wide Policy. In other cases, the Company will reserve its right to charge Premiums for Foreign Risks ; but in every case the permission for Foreign Residence will be given on the most liberal terms.

Endowments, Annuities, &c. FAMILY Endowments, Present and Deferred Annuities, and all other forms of Life Assurance business, will be transacted on the most advantageous terms.

New Features.

1. Incorporation under Act of Parliament.

THE SCOTTISH FRIENDLY LIFE ASSURANCE COMPANY is registered under the New Companies Act, 1862 (25 and 26 Vict. cap. 89), by which it has obtained, at a trifling expense, the privileges of an Incorporation. It is the first Assurance Company in Scotland which has availed itself of the provisions of that Act, which came into operation on the 2nd of November last, 1862. This Act contains various important provisions for the security of the Public and of Creditors.

2. Publicity of Accounts.

UNDER the Act, the List of Shareholders will be entered annually in a Public Register. The Company is further bound by the Act, under heavy penalties, to publish annually, and *put up in a conspicuous place in its Office, a detailed Statement of Capital, Assets, and Liabilities.* Further, by a clause introduced into the Articles, on the suggestion of this Act, the *Accounts are open to the inspection of Shareholders.* The publicity thus necessarily given to the Company's State of Affairs is the surest guarantee of sound and prudent management.

3. Payments of Premium.

PREMIUMS may be paid yearly, half-yearly, or quarterly; and to suit the convenience of a special class of Insurers, the QUARTERLY payment may be received MONTHLY *without any addition.*

THREE MEDALS

AWARDED TO

THOS. GLOVER'S
PATENT
DRY GAS-METER.

The only holder of EXHIBITION PRIZE MEDALS for Gas Meters at London, Paris, and New York.

JOHN HAMILTON, 19 GORDON STREET, GLASGOW,

AGENT FOR THOMAS GLOVER'S PATENT DRY GAS METERS,

HAS much pleasure in intimating that he is prepared to supply these celebrated Meters, duly stamped by the Government Inspectors under the authority of the Sale of Gas Act, 22 and 23 Vict., Cap. 66.

J. H. begs leave to refer to the 10th Clause of the said Act, by which it will be seen that a stamped Meter, irrespective of the district in which it is stamped, is a Legal Measure, and can be fixed to measure Gas throughout the United Kingdom; also to the 16th Clause, in which it is enacted that every Consumer of Gas may buy and use, for the measurement of the Gas supplied to him, any stamped Meter under the authority of this Act.

J. H. begs to call attention to the fact that almost all the provisions contained in the Clauses of the above recited Act, are directed against proved *defects* and *inaccuracies* of the Wet or Water Gas Meter. He is now prepared to supply these Patent Dry Gas Meters (duly stamped), which are guaranteed to meet all the requirements of the Act, and possess the following qualities essential to a good Gas Meter:—

1st. It is an *accurate* measurer of Gas, and *does not* vary in its registration.
2nd. It prevents jumping of the lights, and sudden unexpected extinction of the lights.

COFFEE ROASTING, SUGAR POUNDING, AND GENERAL GRINDING WORKS,

The only Steam-power Roasting Establishment connected with the Trade in the City.

D. MINTO begs leave to return thanks to the Grocers and Druggists of this town and vicinity for past favours.

He also begs leave to intimate, that in connection with his Coffee-Roasting, and Coffee and Spice-Grinding Works, he has fitted up an extensive Sugar-Pounding Machine, offering to the Confectioners and Trade in general an advantageous opportunity of having their Sugar Pounded by Steam-power, far surpassing anything ever yet offered to the Trade.

P.S.—*All orders punctually attended to, and delivered by his Vans at the proper time.*

29 M'Pherson Street, off High Street,
GLASGOW, May, 1862.

The COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, enclosing two seeds, which, separated from their pulpy envelope, form the well-known Coffee Beans of commerce. It may be remarked, as a singular fact in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly, at the same time, deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact, that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is liable to be dispersed, than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO's Works, 29 M'Pherson Street, off High Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air—which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

REVIEW OF OUR INDIA RUBBER SHOE TRADE FOR 1862.

MAY, 1863.

DEAR SIR,

We have pleasure in beginning this review by expressing our thanks for all the kind orders favoured us in the year that is past, and to assure you of our **best services** for the future. During last year it has been our aim and anxious endeavour to meet all the demands for these celebrated Shoes with accuracy and promptness. The **Shapes** have been so much improved that they are now considered perfect. The **Quality** has been so long and so thoroughly established that nothing need be said. **The Shoes are without a rival.** Foreign stamps and makes, sold at lower prices, are now such a drug in the market, that we do not hesitate to remark they "**are dear at any price.**" As a proof of this, importations have all but ceased—stocks remain unsold, and large parcels have been returned to Continental makers. If further evidence of the trashy quality of foreign Shoes were needful, it would be in the fact that, where they are made, the North British Shoes are largely sold, and command much higher prices. We find it expedient to repeat

A WORD OF CAUTION

to you as a dealer in **India Rubber Shoes.** Be satisfied with no Shoes that have not the **NORTH BRITISH RUBBER COY'S** name stamped on the Sole. Imitations are easily detected by a want of finish, and in many cases by the **asphalte smell.** The sales of the now well-known Felt and Canvass Shoes, with India Rubber Soles, in 1862, have kept steadily increasing, thus showing their suitability as cheap, durable, and comfortable house shoes. We sold in 1861-2 the large number of

633,744 Pairs

Felt, Canvass, and other Cloth Top Shoes. To meet the wishes of many in the trade the Coy. have made, and we have successfully introduced, last year, many **new makes**, which have given great satisfaction. For instance, the "**People's**" Shoe at 1/6, with Prunella top and Galoshed India Rubber. The "**Velveteen**"—a beautiful Shoe for Ladies. The "**Imperial**" Shoe, same make as the "**FELT.**" A "**Semi Felt Boot**," good fitting, warm, and comfortable, at the low price of 2/3. An "**Enamelled Laced Shoe**," with top Heels and strong Soles, at 2/. And the now celebrated

"MELTON SHOE," at a low price.

These latter are made of sound Black Woollen Melton cloth, finished and made exclusively to our order for this Shoe, and only requires to be universally known to be liked by all. So great was our faith in this Shoe, that our first contract was for **400 Cases.** It has not disappointed our expectations.

For the convenience of our numerous friends in the **Northern** and **Midland Counties of England**, we opened a depot at

19 Blackfriars St., Manchester—Mr. D. M'CALLUM, Manager.

From the liberal support received, we conclude this step has given great satisfaction. We shall continue to keep in stock **there**, as well as at headquarters **here**, a large assortment, and be able to supply any quantity for export on a few days' notice. To give an idea of the extent of the India Rubber Shoe trade, we will be excused in stating that the North British Rubber Coy. can make, and have often made at the busy season, 12,500 pairs a day, and that they exclusively hold valuable patents for many of their styles and makes.

As the **North British India Rubber Shoes** are not affected by heat or cold, however intense, they have found a good market in Calcutta and other of our Indian Possessions; France, and the Continental Kingdoms; Australia, Halifax, Nova Scotia, Canada, and other British Colonies. In all the places we have named they have given entire satisfaction, and the demand is yearly increasing. The India Rubber **Wellington**, **Napoleon**, and **Long Boots** are invaluable to those exposed to snow, wading or fishing; and their utility has been acknowledged at the War Office. We were commanded by Her Majesty's Government to forward these Boots for the use of the troops going to Canada in the winter of **1861**. These Boots, and indeed the Shoes generally, are at least 25 per cent. cheaper than those made in the **United States**, and the quality equal, and in some cases superior.

Although India Rubber has advanced 20 per cent., and the Cotton and other Materials used in the Shoe Manufacture have greatly risen, the Prices meantime will remain as before. They will thus hold the high distinction claimed for them as being the Shoe for the "Million."

We conclude by again expressing our gratitude for the kind Orders received from you in the past, and to assure you of our best attention to your future favours.

We are, yours truly,

WILSON & MATHESON.

THE SCOTTISH PROVIDENT INSTITUTION.

25th Annual Report 1863.

THE TWENTY-FIFTH ANNUAL GENERAL MEETING of the Contributors was held at Edinburgh,
on 18th February 1863.

JOHN HUNTER, Esq., LL.D.,
Auditor of the Court of Session, the Senior Director, in the Chair.

THE CHAIRMAN said,—I have more than once had the pleasure of occupying the chair at our Annual Meeting, and have never had other than a favourable account to give of the progress and increasing prosperity of the Institution; but I have not on any previous occasion had more agreeable intelligence to communicate to the contributors than I have on the present. I am happy to say that in spite of adverse circumstances arising from the distress that has prevailed in those parts of the country which are connected with its great staple manufacture, we have not only done more business in the last than we did in the preceding year, but that we have done more than in any year since the Society was instituted. This cannot fail to be very gratifying to all of you, as it is to myself; but, though gratifying, I must say, I do not think it is at all surprising. Our principles are yearly becoming more widely known, and I have never yet met with an intelligent person who fairly applied his mind to master them without being in the long-run satisfied that they were to be preferred to those of any other institution of the kind, either in Scotland or England. In speaking of our principles, I allude mainly to what I may call our great central principle, with the nature of which you are all well acquainted, namely, that in distributing whatever profit or surplus may arise, we give no portion of it to any Policy which may become a *loss* instead of a gain to the Institution. We distribute our profit entirely among those Members whose

payments to the common fund, with interest, have at least amounted to the sum for which their lives are insured. This principle should be taken in connexion with the fact that our Premiums are not, as is usually the case, augmented for the purpose of creating a special fund for after division, but are fixed at such amount as, without any risk of deficiency, to secure just the sum originally assured. They are, in fact, quite as low as in other offices where a specific sum only is assured without a right to any further Addition in any event; so that we insure as large, and in some instances a larger sum for the same Premiums as those Offices which give no Bonus or Addition whatever. We thus meet the case of those who die early before their families may have been provided for from other sources, by securing to them the largest provision which their payments will admit of; while, on the other hand, we meet also the case of those (always the larger number of Assurers) who, by living beyond the general *average* expectation of life, as shewn in tables of mortality, would be losers by having assured at all. I may say also, that we have found this from experience to be the most beneficial course that could be adopted for doing justice to all our Members. I am glad, therefore, to find that our principles, the more they are known, are becoming the more highly appreciated, not merely in Scotland but in England—having indeed anticipated from the first that, as soon as the strong common sense of the English mind

THE SCOTTISH PROVIDENT INSTITUTION.

should be applied to the subject, the business there would increase, as it is now doing from year to year, particularly in the metropolis, and in some of the leading towns.

I have been connected with this Institution for upwards of a quarter of a century, and I can attest that not only are its principles sound, but that they are practically applied in the conduct of its business with the greatest care and anxiety. I can further state from personal knowledge that our funds are securely invested, and are improving at a good rate of interest—a higher rate than that upon which our Tables are based.

I was originally led to look into the terms proposed by the Office about twenty-six years ago. I then became satisfied they were more favourable for Assurers than those of any other Office I was at that time acquainted with; and I may now add, I still consider them greatly superior to those of any that I have known since. As a practical illustration of their superiority, in comparison with some Offices at least, I may here allude to a fact, which I mentioned at one of our Annual Meetings, a great many years ago. It is this: After maturely considering the system set forth by the Scottish Provident Institution, I was led to surrender a policy of twelve years' standing which I held from an English Office—a proprietary one—

which gave its Policy-holders no Bonuses or Additions to the amount originally assured. I received a sum for the surrender, the annual interest of which was sufficient to enable me to pay the additional Premium required (in respect of my being twelve years older) for insuring to the same extent in this Office. By doing so I got the whole immediate benefit of the principal sum paid me for the surrender, and I have since got the further and much greater benefit—then only prospective, but now realized—of the very considerable sum which was here added to my Policy when I had paid up, by Premiums (including interest), the amount for which I had insured. To the extent of that Addition, and of the further Additions which I venture still to hope will be made on future Divisions, I have been a gainer by the transference of my Assurance. I would have had none of these Benefits from the Office in which I was originally insured, as the advantage I have myself reaped would have been secured by the partners of the company. I have mentioned this circumstance again, partly because "a good story is not the worse for being twice told," but mainly because I can now speak with certainty of advantages, as already to a large extent realized, which I could only refer to formerly as probable and reasonable expectancies.

THE REPORT by the DIRECTORS for the year 1862 showed the following results:—

New Proposals accepted, 792, assuring £372,460. Annual Premiums on these, £10,702, 13s. 7d., besides single payments, &c. The Revenue of the year was £149,088 : 17 : 8. The Claims, 95 in number, amounted, including Bonus additions, to £56,776 : 16s.

There had been issued in all 12,438 Policies, assuring a sum of £5,576,629. The subsisting Assurances amounted to £4,147,081 : 6s.

The REALIZED FUND, arising entirely from accumulated Premiums, which, at 31st December 1861, was £772,808 : 1 : 4, had reached the sum of £861,005 : 11 : 2, the whole of which is invested in unexceptionable securities in this country.

The Scottish Provident Institution

COMBINING
MODERATE PREMIUMS WITH WHOLE PROFITS.

CONSTITUTED ON THE PRINCIPLE OF

MUTUAL ASSURANCE WITHOUT PERSONAL LIABILITY.

"After a careful examination of the two plans, with some benefit from practical experience, we do not hesitate to declare our conviction that the Mutual System is the only one which the public at large are concerned to support."—CHAMBERS'S JOURNAL.

IN THIS SOCIETY the Members obtain Assurances on their lives, having right to share in the Whole Profits, on payment of the moderate yearly Premiums required by the non-participating Scale of the Proprietary Companies. In other Offices a person may assure at Premiums as low, but without any prospect of additions to the original amount of his Policy: OR, he may obtain the right to Profits, but only by payment of excessive Premiums.

In this Office alone are the two benefits combined.

ITS ADVANTAGES, then, as compared with other Offices, are—

A greatly larger original Assurance for the same Premium, and eventually, to good lives, as large additions as where the ordinary high rate of Premium is charged.

For the same yearly sum as large an Assurance may be secured from the first as can be looked for elsewhere only after many years' accumulation of Bonuses. Thus, a Policy for £1200 or £1250 may generally be had for the Premium which, in the other Mutual or Participating Offices, would secure £1000 only.

The Whole Profits, moreover, are secured to the Policy-holders themselves, and are divided on a system which is at once safe, equitable, and peculiarly favourable to good lives, no share being given to those by whose early death there is a loss (instead of a profit) to the common fund. In this way Policies for £1000 have already been increased to £1300, £1500, and in some instances to upwards of £1700.

The class of Participants now embraces, with few exceptions, all who entered in the earlier years, with many more recent entrants paying a higher rate of Premium.

Twelve Thousand Policies have been issued, assuring five and a half millions. The Realised Fund, arising entirely from accumulated Premiums, exceeds £860,000; the whole of which is invested in unexceptionable securities in this country.

Full information may be had at the various Offices, or from the Agents.

31	2 2 6	45	3 5 9	59	6 1 0
32	2 3 5	46	3 8 5	60	6 6 7

The PREMIUM to assure £1000 at death of a person of 30 is thus £20:15s. A yearly payment of this amount would, in the other Mutual Offices, secure an Assurance of £800 only.

Comparison of Premiums with Other Offices.

IN the following TABLE, Examples of these Premiums are shewn in comparison with those of the other Scottish Offices—first, with those of the other Mutual Societies; and then with the *average* of the rates of the Proprietary Companies—as well by their participating as by their non-participating scales.

Age.	WITH WHOLE PROFITS.		Average of the Proprietary Companies.	Average of the Proprietary Companies.	Age.
	In the Scottish Provident Institution.	In each of the three other Mutual Offices.			
20	£1 15 8	£2 2 1	£1 18 1	£1 12 6	20
25	1 18 0	2 6 6	2 3 2	1 17 0	25

60	6 6 7	6 6 4	6 14 9	6 3 10	60

It will be seen that the Premium for Assurance of £1000 in the other Mutual Offices is, at age 30, £25:17:6; which would in this Institution secure a Policy for about £1250.

In the same way the *average* (participating) Premium for £1000 in the Proprietary Companies is £24:11:8, a Premium which would here secure a Policy for about £1185, entitled to share in the *whole* Profits. The non-participating Premiums of these Companies differ little from the Premiums of this Institution, so that persons who assure by that scale virtually throw away the prospect of additions from the profits without any compensating advantage.

A Table shewing the Premiums in all the Assurance Offices in the Kingdom will be found in the "Post Magazine Almanac," "Letts's Diary," and other Publications.

Family Provision.

THE distinguishing feature of this Mutual Society, by which the Premiums are charged at rates which in other offices would secure only a non-participating Policy, renders it especially suitable to the case of PROVISIONS under Marriage Settlements or otherwise, where it is desirable to secure as large a provision of definite amount as the available income will admit of, without sacrificing the prospect of ultimate additions from the Profits.

Transfer of Assurances.

Within the last few years not a few Companies have had to wind up, or to merge in other offices. This has necessarily been the cause of much anxiety to their Policy-holders; and it is known that many persons who had incautiously effected assurances in offices of doubtful position are at present deliberating with a view to transfer their family provisions to an office of undoubted stability.

To such cases the terms of this Society are peculiarly suited. The transfer to other offices would, in almost every instance, entail a loss, in consequence of the advanced age. Whereas the change may, in many cases, be made to this Society with advantage even on the score of outlay, although several years may have elapsed since the assurance was effected. The average (participating) Premium for £1000, at age 30 (as may be deduced from the published Tables), is slightly under £25. The Premium for £1000 in this office, at age 35 (five years older), is only £23 : 8 : 4 ; and two years later, at age 37, still only £24 : 16 : 8. So that one who had assured with such an office seven years before would not be subjected to any increase in his yearly payments, while he ought to receive a sum in hand from the other office for the surrender.

TO all whose income is derived from professional emolument, or otherwise depends on the continuance of health and activity, the system of Premiums *restricted to a limited term of years* is especially recommended. Examples are given in the following Table :—

PREMIUMS FOR LIMITED TERM—FOR ASSURANCE OF £100 AT DEATH.
(Sharing of course in Profits.)

Age.	Limited to 21 Yearly Payments.	Limited to 14 Yearly Payments.	Limited to 7 Yearly Payments,	Premium in a Single Payment.	Age.
20	£2 9 11	£3 3 11	£5 8 7	£32 12 0	20
25	2 12 6	3 7 3	5 14 0	34 2 0	25
30	2 15 4	3 11 2	6 0 1	36 4 0	30
35	3 0 2	3 16 11	6 10 0	39 2 9	35
40	3 7 5	4 5 2	7 3 7	43 2 10	40
45	3 17 6	4 16 4	8 0 7	48 0 8	45
50	4 12 1	5 12 4	9 2 10	53 19 3	50

Policies on these higher scales soon form a fund of credit available at any time. Of the Single Payments a large proportion can at once be obtained on loan, at a moderate rate of interest.

Position & Administration.

THE POSITION to which the Society has attained in Great Britain is thus stated by the Chairman at the Annual Meeting of 1861.

LOOKING to all the Offices in the Kingdom, we find that of those established as late as ours not one has come up to us in general business, except it may be one, and in that case the difference, if any, is not great, while our own Realized Fund considerably exceeds theirs. If we look, on the other hand, to all the Offices older than ours, numbering probably about sixty, we have gone ahead of about one-half of them in the amount of our Accumulated Fund, and of nearly three-fourths of them in the number of our Members.

Unconditional or Indisputable Policies.

THE LEADING PART which the Institution has taken in removing restrictions and grounds of forfeiture from Policies is thus referred to at the same Meeting by Mr. HOPE of Fentonbarns:—

The Chairman has made allusion to what are styled Unconditional or Indisputable Policies. I have had sent me by post printed statements from two offices in this city, each contending that it was the first to adopt these so-called improvements, and one of them roundly advances the claim of having been “the means of introducing into the practice of Life Assurance all those recent improvements by which a policy may be rendered an unchallengeable and indefeasible security.”

Now, it appears to me, our own office led the way in these improvements, so far as changes which have been made are essentially sound in principle. If you turn to the Report of this Society, presented to the General Meeting in February, 1849, you will find it was then resolved that, with the exception of the declaration as to age—certain steps to secure accuracy in which are required—“*there shall be no forfeiture unless the averments be fraudulent as well as untrue.*” At the same time the forfeiture, in the event of death by the hand of justice, duelling, or even (when the policy has subsisted six months) by suicide, was abrogated.

Regarding these changes, and their adoption first by this Society, I challenge dispute. The question is simply one of dates, and I believe no office can produce resolutions originating such beneficial changes at a date prior to ours. There is, indeed, one instance in which we do not claim originality. In April 1851 the Standard Office introduced a system of Select Class Assurances, according to which Certificates might, on application, be granted to Policies of five years' standing, giving advantages similar to those conferred by our Resolutions of 1849, and, in addition, exemption from the forfeiture incurred by going abroad or entering the army. This arrangement we, with other Scottish Life Offices, adopted in the following year, 1852. Although doubts may have been felt whether this extension was altogether just to the great majority of us who remain at home, yet it may be regarded as a fair concession to the mercantile principle, from its giving additional marketable value to all such Policies, while the actual loss to any must be trifling. The advantages which the Certificates confer are, however, not available till after a probation of five years, and meantime the select holders of them, just as all the other Policy-holders, are under the original conditions as to forfeiture. In this Institution the forfeitures, on account of innocent error in the statements as to health, are removed *from all*, and *from the first*.

IN ALL the minor points of practice the rules are equally liberal—as in facility of license for foreign residence, and of obtaining advances, without expense, on the value of Policies. Allowances for surrender of Policies have from the first been made in accordance with a Table of the fair values, which forms a part of the fundamental regulations.

The Policy-holders are, by the Deed of Constitution, by the Act of Parliament, and by the terms of the Policies, specially exempt from liability.

THE SCOTTISH PROVIDENT INSTITUTION.

Mr. DAVID M'LAREN, as Convener of the Committee charged with the arrangements for the Meeting, in moving the adoption of the Report, referred to the business of the year, and continued:—I cannot too earnestly remind our contributors that it is to an extended knowledge of our principles—the true principles of Life Insurance, as we hold—that we must look for increased prosperity to the Institution. To two of these, namely, our LOW PREMIUMS, and the distribution of our PROFITS to those Policies from whose long subsistence they have been derived, the Chairman has already referred. In regard to the former, I find intending Insurers are sometimes led away by the inducement of early bonuses, without adverting to the Premiums which they have to pay for them. If another merchant charge 20 or 25 per cent more for his goods than I am prepared to do, his customer may well get a discount of 15 per cent at settlement, and yet be a great loser by not coming my way. I need not say how much more in keep-

ing with the sound principles of modern commerce is the system of *net* prices than first to make an overcharge and then an abatement. But there is another principle which we hold in common with all Mutual Offices, and it is one which we ought ever to keep prominently before the public, namely, *that the profits are wholly divided among the Insured*, and not shared with a foreign body—the Shareholders—as in Proprietary Companies. It has struck me as a curious thing that none of these Companies, so far as I am aware, has ever mentioned in its advertisements, among the advantages held out to the Insured, that the Company has been so prosperous as to divide among the proprietors some eight or ten per cent, or, including bonuses, even greatly more. And why? Because of the very inconvenient inquiry which would be made by the Insured,—From whom was this return derived? An inquiry which could only result in the answer,—From the Insured themselves.

A MODE OF ASSURANCE increasingly popular in the experience of this Society is that by which (in combination with Life Assurance) a person may secure

A Provision for Himself in Advanced Age,

the sum being at the same time assured to be paid to his family, or other representatives, in the event of his dying before the specified age. The following TABLE shews the

ANNUAL PREMIUM FOR ASSURANCE OF £100 PAYABLE TO THE ASSURED HIMSELF ON HIS ATTAINING THE AGE OF 60, OR TO HIS HEIRS *at his death*, SHOULD THAT OCCUR PREVIOUSLY.

Age next Birthday.	Annual Premium.						
26	£2 8 9	31	£2 17 8	36	£3 12 6	41	£4 15 5

30	2 15 6	35	3 9 0	40	4 9 11	45	6 3 6

Policies opened on this system do not share in the Profits.

ILLUSTRATION.—A person aged 30 may secure a sum of £1000 to his children, or other heirs, in the event of his dying at any time before the age of 60, *but which sum shall be payable to himself in case he shall survive to that age, if a yearly payment of £27:15s. If it should better suit his circumstances, he could then obtain, in lieu of his capital sum of £1000, AN ANNUITY of £112:16:8.*

LIFE ASSURANCE as an INVESTMENT.

THE DIRECTORS invite attention to the advantageous character (viewed as an investment) of LIFE ASSURANCE by a SINGLE PAYMENT, and to the favourable terms on which this can be effected in this Institution. A Table of the Premiums, by Single Payment, for £100 at death, will be found at the foot of page 3 of the within paper, from which it will be seen that—

For a sum of £500, paid by a person of 35, a policy of £1277 may be obtained, payable to his family or executors on his death, however soon that may happen, with—in this Society—Additions from the Profits on the very favourable principle of its constitution.

So long as he lives, he has nearly as much command of the money paid as if he had deposited it in a bank. He can either surrender his policy, or he can at any time borrow, on its security alone, without any expense, and at a moderate rate of interest, a sum at first nearly equal to his payment, and increasing with the value of his assurance—continuing, be it observed, to rank in the division of profits according to the full amount of the policy.

At age 40, a policy for £1000 (with Profits) may be thus secured for a payment of £428:7:6.

A COMPARISON WITH THE RATES FOR SIMILAR ASSURANCES IN OTHER OFFICES WILL SHOW HOW MUCH MORE FAVOURABLE ARE THE ABOVE RATES THAN THOSE USUALLY CHARGED.

Prospectuses, containing full Tables of Rates, and all needful information, will be sent, free, on application addressed to the offices, or from any of the Agents.

REALIZED FUNDS	£3,850,000

BEFORE EFFECTING A LIFE ASSURANCE, the character of the office to be selected, the security it presents, and the advantages which it affords, should be carefully ascertained. No prudent person will decide to make provision for his family by means of Life Assurance (which usually involves the savings of a lifetime and the welfare of a family after death), without being satisfied—

FIRST.

That the provision on which his family is to depend is not only safe beyond doubt or question, but also that it will ultimately amount, with additions from Profits, to the largest sum which the premiums payable are adequate to secure. *For information, see 'Security presented by the Society,' p. 2, and 'Bonus Additions Declared,' & 'Resources of the Society,' p. 3.*

That a person intending to insure his life may satisfy himself on these essential points with reference to any office, it is necessary that he should possess regarding it, information similar to that contained in the following pages:—

SECOND.

That in the event of his outliving the object of the assurance, or desiring for any other reason to discontinue it, he will be entitled, on surrendering the Policy, to withdraw the excess of premiums paid over and above what has been required to cover the risk incurred by the office. *For information, see 'Surrender Values payable on Demand,' p. 3.*

SECURITY PRESENTED BY THE SOCIETY.

The only satisfactory evidence that a Life Office affords complete security for the fulfilment of its engagements, is a correct Statement, containing its "Assets," shewing the manner of their investment on the one hand, and its "Liabilities," with the table of Mortality and Rate of Interest by which they have been valued, on the other. It is also important to every person insuring his life to know that the office he selects has not, to any extent, declared Bonuses by anticipating future Profits. WHERE THIS HAS BEEN DONE, NEW MEMBERS ENTER AT GREAT DISADVANTAGE, FOR THEIR FUNDS ALONE MAKE GOOD THE ANTICIPATED PROFITS, IN WHICH THEY DID NOT, AND NEVER CAN SHARE.* With the view of affording exact information as to the nature and extent of the security presented by the Society, the following statement of Assets and Liabilities as at 31st December 1859, when last valuation took place, is given :—

Assets. —Money invested in First Class Securities	£3,518,230
Liabilities. —Value by the Carlisle 3 per cent Tables,* (see note below)	<u>2,756,216</u>
Surplus, being excess of Assets	£762,014
Which Surplus was disposed of thus :—	
1. Sum set aside to meet the Bonus then declared	574,355
2. Free Balance or "Guarantee Fund" retained	<u>£187,659</u>

* NOTE.—The entire "Loading" or per centage on future premiums, which is applicable to future Expenses, Contingencies, and Profits alone (value £738,155), was, as usual, left untouched. The Public will therefore observe that future Profits have not to any extent been anticipated or encroached upon in declaring past Bonuses, but that the Scottish Widows' Fund possesses every element of security and future profit which a Life Insurance Office entitled to public confidence ought to possess.

MODERATE RATES OF PREMIUM.

SURRENDER VALUES PAYABLE ON DEMAND.

One of the principal impediments to the extension of Life Assurance among the classes to whom it is most beneficial, viz., those whose means of providing for their families depend upon professional income, is the apprehension that inability to continue the Assurance necessarily involves loss of all the premiums paid to the Office. It will accordingly be satisfactory to such persons who intend effecting Assurances to know, that this objection is obviated in the Scottish Widows' Fund, as the Surrender Value of the Policy is allowed to the Member at any time he shall choose to discontinue it. The following are

EXAMPLES OF SURRENDER VALUES OF POLICIES OF £1000, OF THE PARTICIPATING CLASS. Age at entry being 30.

Duration of Policy.	Premiums paid.	Surrender Value.	Per centage of Surrender Value on Premiums paid.
One Year	£25 17 6	£8 0 10	31 per cent.
Ten Years	258 15 0	160 12 10	62 per cent.
Twenty Years	517 10 0	390 15 11	75 per cent.
Thirty Years	776 5 0	699 10 0	90 per cent.
Forty Years	1035 0 0	1071 19 0	104 per cent.
Forty-five Years ...	1164 7 6	1435 9 0	123 per cent.

Thus a Scottish Widows' Fund Policy, besides securing an Assurance in the event of the Member's death, has the special advantage of being AS CONVERTIBLE AS A BANK NOTE, during his lifetime to the extent of its value, which in many cases considerably exceeds the entire amount of the premiums paid.

Comparative Value of Policies in Different Offices.

The conditions under which a Policy in one office may be held to be of greater value than a Policy in another office are substantially these—(1.) That the sum receivable in the event of death, including additions from Profits, shall be larger in proportion to the premiums payable in the one office than in the other (see "Bonus Additions Declared," page 3). (2.) That the sum which may be withdrawn during life as "Surrender Value" in the event of the Assurance having to be discontinued, shall be larger for the premiums payable in the one office than in the other (see "Surrender Values payable on Demand," page 3). (3.) That the Security afforded for the fulfilment of all engagements is better in the one office than in the other (see "Security presented by the Society," page 2). When parties desire to acquaint themselves with the relative merits of Life Offices with the view of effecting Assurances, their attention should be specially directed to these essential points.

AN ENLARGED EDITION OF THE PROSPECTUS

Has been prepared with much care, containing a practical exposition of the comparative merits of Life Assurance in Shareholding Insurance Companies and Mutual Societies like the Scottish Widows' Fund, and also full information on every point of the Society's position and affairs. The prospectus will be sent free of charge on application to the Head Office or any of the Society's agents.

Extracts from the Last Annual Report.

At the Annual Meeting of the Proprietors, held at Liverpool on the 29th October, 1862, the Report stated that the balance on the year's transactions, after providing for all outstanding claims, was £22,373 5s. 10d., being more than double that of any previous year.

The Fire Income was stated to be £47,420 8s.—an increase over the previous year of over 23 per cent. During the year the experience of the Company in this department had been unusually favourable, the losses being less than 30 per cent. of the net premiums. The Directors had given special attention to the increase of the Home business, resulting, as shown by the last Government Returns, in the fact that the increase of Duty paid by this Company exceeded that of 38 other offices, some of which had been in operation over 50 years.

The Report stated that the Life Income for the year was £14,328 18s. 5d., showing an increase during the last two years over the Income of the three previous years of over 75 per cent.; that the Mortality of the year was 58 per cent. under the calculated expectation; and that over 85 per cent. of the Net Income was added to the Life Fund.

The whole Income of the Company, exclusive of Government Duty, was over £65,000 a year. During the three previous years the income had increased to the extent of £45,000—a result very rarely attained in so short a period.

RETURN OF FIRE INSURANCE DUTY FOR 1861

(Ordered by the House of Commons to be Printed, 8th July, 1862).

THE usual Annual Return, just published by the Government, shows that the INCREASE OF DUTY PAID BY THE QUEEN INSURANCE COMPANY, in 1861 over 1860, EXCEEDED that of 38 OTHER FIRE OFFICES, some of which have been in operation for upwards of half a century. While the Return shows a falling off in the amount paid by Six Offices, it also shows that the Increase of the Queen EXCEEDED that of ALL THE LONDON OFFICES BUT TWO, and ALL THE SCOTCH OFFICES BUT ONE (which during the year had absorbed the business of another Office). The Increase of the Queen also EXCEEDED ALL THE PROVINCIAL OFFICES BUT TWO, and was nearly FIVE TIMES THAT OF BOTH THE IRISH OFFICES PUT TOGETHER. Taking the gross amount of duty for the last two years, the Return shows that the Queen was the only Office which in that period had doubled the total amount paid. These facts, based upon the highest authority, prove that

THE QUEEN INSURANCE COMPANY IS RAPIDLY ADVANCING IN PUBLIC ESTIMATION.

The following List will show the Offices standing below the Queen in the Increase of Duty paid in 1861 over 1860:—

The eminent position thus occupied by the QUEEN INSURANCE COMPANY is doubtless owing to the high Commercial character of its proprietary, and the distinguished liberality of the Directors in the Settlement of Losses. Gratified by the remarkable confidence hitherto reposed in the QUEEN, it will be the constant endeavour of the management to sustain the *High Reputation the Company has already obtained.*

EXPLANATION OF THE MINIMUM PREMIUM SYSTEM.

THE following had been the Rates of Annual Bonus Additions declared at the time the MINIMUM PREMIUM system was adopted by the Society:—

At 31st December, 1832, on Sums in Policies, $1\frac{1}{2}$ per cent.

At 31st December, 1839, on Sums in Policies, and former Additions, $1\frac{1}{2}$ per cent.

At 31st December, 1846, on Sums in Policies, and former Additions, 2 per cent.

At 31st December, 1853, on Sums in Policies, and former Additions, $1\frac{3}{4}$ per cent.

Looking to these results, the Directors considered they might proceed on the probability of continuance of a rate of addition not lower than $1\frac{1}{2}$ per cent.; and being anxious to secure to the public the convenience and advantage of as low a Premium as would be justified by past experience, they determined to calculate the fair annual equivalents, WITHOUT PROFIT TO THE OFFICE IN THE CONVERSION, of additions at the rate of $1\frac{1}{2}$ per cent., and to deduct these from the ordinary annual rates on the addition scale. Table A C below contains the Premiums thus left.

In announcing such low Rates, it was thought requisite to provide that the sums in the Policies should be subject to increase or diminution, according as the Bonus additions declared during their currency shall exceed for all short of amount, with accumulations, resulting from a rate of $1\frac{1}{2}$ per cent.

The Directors considered that by this simple expedient they had met the desire of the public for a liberal and comprehensive system, by which they might have as great a sum as possible assured for the annual Premium they could devote for the purpose; and there appeared to them little probability of the provision as to increase or diminution, requisite for the working of the plan, resulting in diminution.

Another Investigation, as at 31st December, 1860, has been made since these Rates were adopted, and the result is a declaration of Additions at the rate of $1\frac{3}{4}$ per cent.
